Monkman Pass Highway Association Hear Reports Representatives To Coast

All Reports Most Encouraging—Financial Statement Indicated Nice Balance, Sufficient To Start Cutting Out The Trail, For Which Plans Were Laid—Votes Of Thanks Tendered Representatives And To Wm. Sharpe, M.L.A. — J. E. Thomson Suggested Asking Federal Government For Support.

There were over forty in attendance at a meeting of the Monkman Pass Highway Association held in the Riggs Block, Wembley, on Monday night, called for the purpose of hearing the report of the representatives to the Coast and to deal with other important matters.

President Crosbie McNaught was in the chair, while John McNaught looked after the secretarial work.

Following the reading and adoption of the minutes of the previous meeting, the president called upon the treasurer, J. O. Johnson, for his report, who went into every detail up to the first of May. The report indicated a nice balance, sufficient to start work again on the cutting of the trail.

H. L. Knight, whose particular job is to canvas the area east of Grande Prairie to the Smoky, briefly reviewed his work. He said that he had promised up to \$261 in cash and oats, adding that he was finding a very ready and hearty response and he was hopeful of realizing his objective of \$500.

Band Concert At The Capitol Sunday Night

Under the baton of Bert Churchill, the Grande Prairie town band will give a concert in the Capitol Theatre on Sunday night, May 15, beginning at 9 o'clock, assisted by the Male Voice Choir.

The band has been practicing consistently and even a better performance than that enjoyed two weeks ago can be looked for.

O. B. Harris, president of the Grande Prairie Board of Trade, will be master of ceremonies.

Mayor Tooley will deliver a short address.

- Program**
1. Band, "O Canada!"
 2. Band, March.
 3. Choir, "Lass o' Mine" (Turner).
 4. Vocal, "Shipster o' Mine" (Sanderson), Bert Powell.
 5. Band, March.
 6. Choir, "Heaven, Negro Spiritual" by Burlingame.
 7. Vocal, selected, Jackie Adams.
 8. Band, selection by special request, "Nights of Gladness."
 9. Choir, "The Jolly Roger, by Candlish."
 10. Vocal Duet, by Miss Adams and Lawrence Moon.
 11. Band, Trombone Novelty, special request, played by Messrs. Bill Temple and Warren O'Dell, "Trombone Toboggan."
 12. Choir, "Rolling Down to Rio," (Edward Gorman).
 13. Hymn, "Abide With Me."
 14. Conclusion, "God Save the King."

Prominent Business Men of Coast Take Up Cause M.P.H.A.

Says Frank Murphy, Representative Still At The Coast Day After Tomorrow To The Monkman Pass Highway Association—Expects \$15,000 To Be Collected In Very Near Future.

At the meeting of the Monkman Pass Highway Association held at Wembley on Monday night, Art Smith, publicity man, read a very encouraging letter from Frank Murphy of Pouce Coupe, one of the representatives of the association still at Vancouver.

Mr. Murphy in part wrote: "Here is the list of officers of the Vancouver branch of the Monkman Pass Highway Association, who are going right out for the \$15,000."

Hon. Presidents, Mayor Miller and Alderman DeGraws, president, Mr. Hutchinson, secretary.

Directors: Col. Victor Spencer, W. Wilson; R. H. Malkin, treasurer; W. C. Woodward, Brenton Brown, L. E. Rhodes, Jack Melville, Austin Taylor, British Columbia Properties Ltd., P. DeGrosse, president of Exhibition Board, J. H. McLean; Roy Brown of the Province and P. C. Salter of the Vancouver Sun.

With such influential business men taking up the fight at the coast for the Monkman Pass Highway project, Mr. Murphy said that he felt like walking on air, adding that a delegation will be sent from Vancouver to Victoria just as soon as Premier Pattullo gets back from the East, to plead the cause of the Monkman Pass Highway.

Mr. Murphy closed his letter by saying that he expected that the \$15,000 would be collected in the very near future.

Carnival Committee Balance Given To Athletic Ass'n

At a meeting of the Grande Prairie Winter Carnival committee, following the reading of the minutes of the previous meeting, which were adopted on motion, the money (over \$300) standing to the credit of the Carnival committee was transferred to the Athletic Association.

The books were then closed and the old Carnival organization, which for years conducted successful carnivals, no longer exists.

What disposition of this money will be made is in the hands of the Athletic Association.

Jack Kerr occupied the chair and W. Storm acted as secretary.

NEW TENNIS COURT BEING WHIPPED INTO SHAPE

The new tennis court in Grande Prairie's Recreation Park is gradually being whipped into shape.

The ground has been nicely leveled and sand and other necessary material is being laid.

It is expected that the members will be able to play on the three courts the last of this month.

KING AND QUEEN SEE NEW LIVING QUARTERS AT ALDERSHOT
This photograph shows Her Majesty the Queen shaking hands with Mrs. Jones, wife of Sergeant Jones of the Royal Welsh Fusiliers, at the new married quarters at Blackdown during Their Majesties' visit to the Aldershot Command. King George is at the right.

STOJAN'S GARAGE TAKES OVER AGENCY FOR HUDSON CARS

Stojan's Garage, Grande Prairie, has taken over the agency for the Hudson Terraplane cars.

An invitation is extended to the public to drop in and see the new Hudson 112, a new low-price car, and have it demonstrated.

This new car gives buyers a combination of size, room, smooth performance, sturdiness and safety on the one hand, and low cost of operation and ownership on the other.

The garage is directly north of the B-A Service Station.

Father Of Musical Festival In Peace River Passes

Major Harry Watts Will Be Warmly Remembered By All The Oldtimers Throughout Peace River Country—Was a Most Valuable Asset To The Musical and Dramatic Life Of This Country.

Word has been received here of the death in Victoria, B.C., last Thursday of Major W. Harry Watts, at the age of 78.

Major Watts will be warmly remembered by all old timers throughout the Peace River country. Coming here in 1917 after overseas service from the beginning of the war, he was head of the Military Tribunal to hear cases in connection with conscription. At the close of hostilities, he remained with his daughter, Mrs. A. W. Pentland at Lake Saskatoon and later in Grande Prairie, where Mr. Pentland was manager of the Bank of Commerce, until 1925.

He came here for medical treatment and later made his home in Victoria.

Perhaps one of the best known musicians in Alberta, even prior to the war, Major Watts was a most

Hen On Farm Of L. Bodie, Bear Lake, Mothers 2 Pigs

Hens have been known to mother kittens, pups and other animals, but here is a new one.

About a week ago there was born on the farm of Lawrence Bodie, farming near Bear Lake, fourteen pigs—two more than the mother could service.

Mr. Bodie, to meet the situation, after deciding to raise a couple on the bottle until such time as they could look after themselves, put them in a manger in which there was a large Rock broody hen.

The pigs, which were only in the world a few minutes, in search of heat immediately made themselves comfortable under the hen, which did not object.

Mr. Bodie informed The Tribune reporter that it is highly interesting and amusing to see the pigs jostling for position, adding that before they settle down they give the hen a rough time of it. When the pigs finally get settled down the hen reads its wings over them in true motherly fashion, seemingly quite content with the little adopted family.

"When the pigs grow up, there sure is deciding coming to this hen," remarked Mr. Bodie.

Fire Fighters To Stage Annual Ball Friday Night

Who's afraid of Friday the 13th? Not the brave fire ladders, anyway, for they are giving their annual Firemen's Ball on that night, in the Grand (old Capitol) theatre. They have everything in shape for an evening of fun and frolic and they aren't a bit superstitious about the date. So plan to attend this annual dance and help the fire-fighters to put it over in a big way.

Sexsmith Players Make Big Hit In "Mammy's Lil' Wild Rose" Here On Friday Night

Each Member Of The Cast Acted Parts Well—Company Best In Second And Third Acts—Orchestra Gave Delightful Numbers.

"Mammy's Lil' Wild Rose" came to town in a big way Friday night when, properly chaperoned by the Women's Institute of Sexsmith, she made her debut to local audiences at the Capitol Theatre. The play, which had made a big hit in its home town, was equally well received at Grande Prairie, which is high tribute to a visiting production.

With a bit of pathos and more than a bit of humor, the play unfolds the story of an untamed girl of the mountains of Virginia, brought up mostly by her dead mother's colored mammy, who meets and falls in love with a city youth, before she discovers she is the grandchild of a wealthy woman in Washington. Too honorable to take advantage of her new position, the youth, Daniel, denies his love for her and his unscrupulous friend, Lester, an schemes and plots to marry the Wild Rose and obtain the fortune. But true love finally wins and the villain is left high and dry. There is the crooked mountaineer who cheats in a horse race to win the girl and the native Romeo, pursued by his mountain charmer, who means his fate, being tied to matrimony and twins. Altogether, it was a charming play, nicely interpreted, and the audience enjoyed it thoroughly.

While the first act moved rather slowly for interest and the voices

(Continued on Page Two)

G. P. Residents Are Co-operating In Cleaning Town

By the amount of smoke from backyard fires these days, it would seem that Grande Prairie is taking seriously the town fathers' injunction to "Clean Up" from May 9 to 14. Yards have been raked and swept, and gardens, lawns and shrubbery are receiving extra attention these days.

The town is "spreading itself" to a fine new sidewalk on Third Avenue South, its main business street, from Oliver's store to Thompson's Hardware at least. It is also planned to have lanes cleaned of accumulations as soon as the garbage question is satisfactorily settled.

To keep the town looking neat and tidy it will be necessary for all citizens to keep up the good work started in "Clean-Up Week."

G. P. FLYING TRAINING SCHOOL TO REOPEN WITHIN WEEK'S TIME

The attention of all Air League members, last year's pupils, and those interested in aviation, is drawn to the reopening of the Flying Training School. J. W. Neil has just completed arrangements with Pilot Instructor Jack Ross of Edmonton to reopen the school within a week's time. The machine will be a Cirrus Moth and last year's pupils should feel at home in this machine. Mr. Neil is handling the business end of this school and further information can be had from him at the Service Garage, Grande Prairie.

Sport Days In The Dist. Coming Up

At a meeting of representatives from several points held in the council chamber, Grande Prairie, Sunday afternoon, an organization to be known as "South of the Peace Sports Day Association" was formed. The purpose of such organization is to prevent conflicting sports days and picnics.

Considerable difficulties have been experienced each year owing to districts and towns holding their annual sports on the same days.

The following were present: Wallace Edgar, Wembley; "Reg" Ireland and Hedley Johnson, Clairmont; George DeBolt, DeBolt; M. G. Fraser, Teepee Creek; Jack Kerr, and Charlie Turner, Grande Prairie.

Wallace Edgar was elected chairman and Noel McLean secretary. Both are of Wembley. It was the opinion of the meeting that these officers should reside in the same town.

Sports Day Schedule

Beaver Lodge	May 24
Hythe	June 1
Spirit River	June 1
Clairmont	June 9
Rio Grande	June 9
Buffalo Lakes	June 15
Grande Prairie	July 1
DeBolt	July 13-14
Oldtimers' Association	Aug. 2-3
Rycroft	Aug. 27
Teepee Creek	Aug. 10

Other points planning sports days are asked to get in touch with either the president or secretary at Wembley so that dates can be arranged.

Efforts Being Made To Form Art Club Grande Prairie

All those interested in the formation of an Art Club are asked to get in touch with Spencer Block, or R. n. Phelps, court-house.

The purpose of such a club will be to encourage the study of art, more especially painting and drawing.

If sufficient interest is shown, a meeting will be called, at which a permanent organization will be formed.

It is hoped to make arrangements with art teachers for a course in art during the month of June.

Art clubs are proving highly successful on the outside and, according to those back of the forming of a club here, there seems no reason why a club should not be equally successful in Grande Prairie and district as there is plenty of talent.

Clairmont Sports Thursday, June 9

CLAIRMONT, May. 11. — The sports committee at a largely attended meeting held on Tuesday night set the date for the annual sports at June 9, the King's Birthday.

A meeting of the various committees will be held on Monday night, May 16, to map out a program.

To Be Held at Grande Prairie on May 17, 18 and 19, Says H. L. Vaughan, Secretary of Musical Festival

All Classes Are Well Filled—110 Entries In Elocution And Dramatics—Season Ticket For \$1.25 Admits To All Concerts, Including Final One

Up to Tuesday night there were almost three hundred entries in the hands of H. L. Vaughan, secretary of the Musical Festival to be held in Grande Prairie May 17, 18 and 19. This is the all-high mark from the standpoint of entries for the local festival. Last year there were 235 entries, which up to that time was the highest number.

That greater interest is being taken in school orchestra work is indicated by the fact that while last year there was only one entry this year there are four: Beaver Lodge High School, Spirit River High School, Crofton Famburica, Rycroft School and Greenwood School orchestra.

The present holder of the Macdonald Consolidated Shield for this class is Beaver Lodge.

For the first time there are two entries in the community choir class: Grande Prairie Male Voice Choir and Valhalla Community Choir.

In the new class for bands Grande Prairie is the only entry. Efforts, however, are being made to have other bands enter.

There are also two entries in the church choir section: Valhalla Choir and Double Quartette of St. Paul's United Church.

There is competition in every division in the piano class, forty entries in all, which includes four entries in the sight-reading competition.

There is a total of 110 entries in the elocution and dramatic division, including some fine one-act plays.

Pouce Coupe High School, which will be in competition, have chosen for their vehicle "Courage, Mr. Greene."

There is one entry in ungraded schools and eight in graded schools.

W. Hendra of Edmonton will adjudicate the music; Elsie Park Gowan of Edmonton, elocution and (Continued on Page Eight)

Wednesday Half Holiday Begins On May 18th

On Wednesday of next week, May 18, the merchants of Grande Prairie at noon will throw aside their duties and spend the remainder of the day as they see fit. The reason for this is that the Wednesday half-holiday period begins and will continue until the week of August 15.

Naturally there will be an influx to the golf course at Richmond Hill, also to other sports fields. Others will work in their gardens.

Wednesday half-holiday makes it possible to admirably mix pleasure with work.

Court Winds Up Affairs Of Dawson Creek Milling Co.

Miscellaneous matters came before His Honor Judge Matheson at a sitting of the District Court held at Grande Prairie on Friday and Monday.

Decision was handed down on Monday in the case of S. H. MacCool vs. The Dawson Creek Milling Company. MacCool's claim of \$2,885 was disallowed, but he was allowed \$300 for caretaking.

The claim of Warren Prevey for \$1,368 was disallowed.

There will be further distributions among the wage-earners by the sheriff.

Several small debt claims were disposed of and fifteen naturalization applications were dealt with.

BUMPER CROP IN SOUTH NOW IN SIGHT SAYS PRES. OF BROCK CO.

W. W. Winspear, president and managing director of The Brock Company, Western Limited, Calgary, who made a business tour through the Grande Prairie district, left on Wednesday's train for home.

In conversation with The Tribune reporter, Mr. Winspear stated that his company was finding business quite satisfactory.

The south country, he observed, has plenty of moisture and a good, if not a bumper crop, is looked for.

Mr. McCusker surveyed the road west of Spirit River to the Block boundary several years ago. He also did considerable work in the High Prairie district.

COUNCIL WRESTLED WITH ESTIMATES WED. NIGHT

Special meeting of the town council was held last night (Wednesday). At the time of going to press the town fathers were still wrestling with estimates and the big problem of striking as low a mill rate as possible.

HAS FACE LACERATED WHEN FENCING WITH ANOTHER BOY

Buster Lanctot had the misfortune to have his face lacerated while fencing with a school-boy friend on Tuesday. Instead of steel wooden rapier were used. It took several stitches to sew up the wound.

Buster, who is a boy of action, caught a trout in Bear Creek on day weighing six and a quarter pounds.

SECOND VEIN OF WATER STRUCK

On Tuesday a second vein of water was struck in the well being drilled by John Ouzut of Beaver Lodge. At noon Wednesday a distance of 242 feet was reached. A further test for volume of water was being made on Wednesday afternoon.

THE NORTHERN TRIBUNE

AN INDEPENDENT WEEKLY
NEWSPAPER

Published every Thursday at Grande
Prairie, Alberta.

Holder of Alberta "Better Newspapers"
Award for Year of 1937.

The Tribune's aim is to thoroughly
"cover" the local news field with fair-
ness to all sections and parties; also
to aid in the development of the Peace
River Country and help make known
this northern inland empire's many
advantages as a homeland. All news
is printed without intentional distor-
tion. The paper's opinions are ex-
pressed only in its editorial columns.

Letters for publication are wel-
comed. A pen name may be used, but
correspondents must also sign their
proper names and addresses for pub-
lication, but as evidence of good
faith. In publishing a communication
The Tribune does not imply agree-
ment.

Subscription Rates:
One Year, in British Empire, \$1.50
One Year, in United States, \$2.00
Legal and other advertising rates
furnished on application.

Along the Trail

By J. B. YULE

WHAT DID THIS MAN FIGHT FOR?

While at McLennan the other day
I was told the following story by
one in possession of the facts.

A man who is farming in the dis-
trict came into McLennan and told
a sorrowful story. He said that
neither he nor his family had been
bread for ten days. They had for
some weeks, he observed, lived on
wheat which was roasted, boiled and
cooked in every conceivable style in
order to give some variety.

Now it so happened that this man
had done his bit in France. He told
me informant that he could get no
redress and had about arrived at the
point of desperation.

The question is: "What did this
man fight for?" Is this the Canada
that he was led to believe would be
made a place fit for heroes to dwell
in?

We boast about our vast resources,
and in the midst of these resources
there is a family denied enough to
eat. What an indictment against our
civilization!

This is not the only family in the
Peace River country who are suffer-
ing through lack of the necessities of
life, and yet we call ourselves civil-
ized!

A REAL FRIENDLY ACT

A few days ago it was my privi-
lege to visit High Prairie, in which
place I spent two days. To know a
town one must know its people and
converse with the people and travel
up and down the various streets and
take mental notes.

One of the first men I met was my
old friend, Sam Harris, who
gestured that when convenient to me
he would take me for a run out into
the country.

Having no car, the invitation was
eagerly accepted and at a certain
time we were driving at cruising
speed through a portion of the coun-
try where the living of the Peace
Rivers wind their way.

There was a very strong wind
blowing, but what did that amount
to when riding in a comfortable car
with capable driver at the wheel?

When a man meets such a wheeler
his health must be at a very low ebb
to think that the world is going to
the how-works. It is such courtesies
that make life worth living.

To our old friend we say a thou-
sand thanks.

Dad's Notions

By E. S. Stanley

Though opposition may be de-
plored, it is never absent. It seemed
unfortunate that Grey Owl could not
have delivered his humane message
in England in a radio as he intended;
but the turn of events gave his
message not only wider scope but a
greater accent to the points that laid
so close to his heart. It caused a
division in the opinion of blood
sports and fewer were able to pro-
fess neutral sentiments. The uncon-
promising insistence of Grey Owl to
deliver his entire message or none
will bear fruit in years to come.

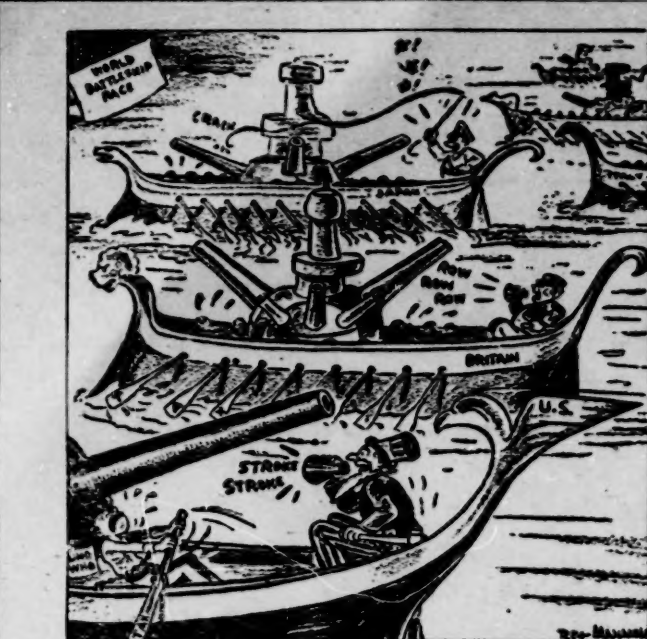

Opposition defeated its own purpose.
The more dramatic methods—
which may not be wise—occasions
still sharper division of sentiment,
making neutrality practically im-
possible. Spurred with excitement,
each demands of the other an ex-
pression of his opinion.

Thus it was when Carrie Nation,
stirred by the lawlessness of the
liquor traffic, took their own cudgel
of lawlessness and sallied forth with
her hatchet, smashing and crashing.
Kansas was prohibition state, but
in the city of Wichita liquor was sold
openly. Fines were imposed and
paid, whereupon the nefarious busi-
ness continued for months, when
again the fines were paid—hush—
face with big "take-offs." Illegal
assaults on an illegal business caused
the most embarrassing situation for
officers of the law. Thirty thousand
tongues started talking—sentiment
took form and gave voice—the tem-
perance cause arose, as from the
dead, and vigorously and effectively
the problem was handled. Things
happen when public sentiment is
wrathfully aroused.

In the conflicts of the world I ob-
serve two general classes: the greedy,
the selfish, the intolerant, with
thoughts and aims all centred on self
and aggrandizement; and on the
other hand the generous, considerate
of others, whose dominant thought is
on the welfare of the people as a
whole, even to their own personal
loss and sacrifice.

Though long deferred, right and
justice do prevail; and the forces that
oppose them, yet their very re-
sistance only serves to speed the day
of their own demise. It was so
with Pharaoh and at last the waves
engulfed him and his hosts: It was
so with human slavery in the South.
It is happening to our now economic
system with its present glaring in-
justices which, for one thing, allows
people to enslave in the South.
It is happening to our now economic
system with its present glaring in-
justices which, for one thing, allows
people to enslave in the South.

Those involved in extracting some-
thing for nothing by way of interest,
charges and unreasonable profits—
who are not only living but amas-

TWENTIETH CENTURY GALLEY SHIPS:
—Arizona Republic.

ing by the sweat of the other man's
face—would be wise to consider the
final outcome when opposing the
economic change.

Though their course is legalized it
cannot endure. Conditions are shap-
ing and gathering for an unavoidable
change, and only the Pharaohs
stubborn can fail to see them. Like
a cyclonic storm is the ominous
thickening of the clouds of trouble;
and the longer the opposing forces
hoist their great sails, the more the
fury with which the storm will crash
upon their own heads—the natural
and inevitable result of their own
course.

How much wiser would it be to
accept any need-be personal sur-
render of special advantage for the
welfare of the whole, and save them-
selves the "weep and howl" for your
miseries" and all others much
trouble.

The change must be made, or the
storm will break.

IN THE TRIBUNE'S
MAIL BOX

To the Editor of The Tribune.

Sir: I would have been very dis-
appointed if no one had taken up
Mr. Crane-Williams on his state-
ments.

One thing I would like to know:
Who is responsible for our shores
being flooded with ware marked
"Made in Japan"? We have all the
quisites for making these things in
Canada. We have the hills contain-
ing the necessary clay south of
Assiniboia right to the boundary, up
to and around the Lake of the Rivers
and on to Clayson.

There, what there is of it, is too full
of impurities to use, but there has
been clay shipped to Medicine Hat
to make crocks, churns, pitchers and
to where the ware is made.

When a man meets such a wheeler

not to struggle to be near the air
hole if there was one. Capitalism
tends to force men and nations into
a black hole of unnecessary scarcity.

If scarcity isn't prevalent, millions of
live stock will be killed in various
countries and other commodities de-
stroyed to create scarcity. In a con-
dition of scarcity change must then
struggle and fight. Greed and avarice
are the most respected virtues—
success is measured by the amount
of surplus the individual has stored
up of something of which others lack.

If others did not lack, then his sur-
plus would be valueless. The genius
of Capitalism, then, and the efforts
of those who uphold it is simply to
prevent the potential abundance
from becoming actual or general.

Mussolini and Hitler glorify war.
They say that it brings order to the
"New Earth." The time is now. If
there is development. Others be-
lieve that it retains hell on earth.

There are those who extol poverty
and competitive struggle, and say
that it keeps up the life. The ques-
tion is: "What is the answer? Is it
Fit for more of the dog-fight of exis-
tence."

We can confine competition to the
field of sport. We can cooperate to
make life such as man has not yet
dreamed of. The scientific inven-
tions, the materials are here for the
"New Earth." The time is now. If
there is development. Others be-
lieve that it retains hell on earth.

MANUFACTURERS SHOULD
CONSIDER VALIDITY OF
THEIR TRADE MARKS

All manufacturers owning trade
marks which are descriptive, geo-
graphical, the name of a patent ex-
pired product, or the name of a per-
son, firm or corporation, should be
considering whether their trade
marks are valid or not in view of the
recent decision of the Privy Council
in the case of The Canadian Shredded
Wheat Company Ltd., v. Kellogg.

This decision is of real importance
to all trade mark owners who desire
to protect their marks because in
this case the validity of their trade
marks was discussed.

It may be that in view of this de-
cision an amendment to the law is
necessary for the protection of such
trade marks. Trade mark owners in
favor of such an amendment should,
at the earliest opportunity, express
their views on this point.

Monkman Pass

(Continued from Page One)

"You don't need to worry about
Prince George, as the people are one
hundred per cent behind of the pro-
ject and backed their convictions by
pledging upwards of \$400," observed
Mr. Brooks.

At Vancouver the representatives
of the Board of Trade somewhat
slow to give support at first. How-
ever, when the project was ex-
plained that organization endorsed
the scheme. Mr. Brooks told of the
many meetings arranged by the
Board and of the splendid hearings
accorded.

Reverting to the visit at Prince
George, Mr. Brooks reported on a
meeting held at that place at which
Mr. Perry, M.L.A., was the principal
speaker. At this meeting it was
made quite clear that there should
be no compromise with the Turgeon
Highway, as both the Monkman Pass
Highway and the Turgeon Highway
were necessary to the development
of the country.

It was thought that it would be
possible to put a crew at work on
the west end of the Pass, if the route
was marked out.

Mr. Brooks then submitted his
financial report, which showed that
the cost of the project would be
promised by business men was in the
neighborhood of \$1,600, many of
whom stated that they were willing
to give more if necessary.

Mrs. Art. Hazard Smith
Mrs. Art. Hazard Smith, the other
representative of the Board, in-
troduced and reported in detail her
experience in Vancouver.

She said that the fact the road was
cut to Stony Lake was their best
introduction to the project.

Mrs. Smith, who said that her
work had largely to do with publicity
and making favorable contacts, told
of the work to interest the news-
papers, which was much more dif-
ficult than the actual work.

However, they were successful in
getting many news stories and favor-
able editorial comment.

Father of Music.

(Continued from Page One)

valuable asset to the musical and
dramatic life of this country. From
1913 to 1917 he was chairman and
organizer of First Presbyterian church
in Edmonton and purchased the
chimes which still ring out from that
church. He was for years promi-
nent in the executive of the Alberta
Provincial Musical Festival Asso-
ciation. It was through his efforts that
the Community Choir was organized.

He was also the "father" of most of
the musical organizations in the
Peace River country at that time,
including the Musical Festivals,
which have since grown to such pro-
portions. He was organizer for Christ
Church and gave freely of his time
to the furthering of musical develop-
ment in this new country. He con-
ducted the Grande Prairie band for
several years. He also taught music.

Undoubtedly his most outstanding
achievement in this was his loving
and painstaking teaching of the
talented blind girl, Mona Cooke.
Although he did not know Braille
music, so well did he lay for her the
foundation of musical knowledge

that in 1928, the Peace River
Musical Festival, she won the senior
piano forte competition and received
the Lieutenant-Governor's medal
from Mr. Justice Tweedie.

For this he was for years the
secretary of Grande Prairie Agri-
cultural Society and some of the best
agricultural fairs ever held here
were staged at that time.

He was also a member of the
Masonic Lodge, No. 28, and was
prominent in masonic circles throughout
the district.

Born in England, he came to Can-
ada in 1891 and acted as organist at
Dalhousie, N.S., Edmonton, Grande
Prairie and also in Victoria. Both
his daughters are well known here
also. Mrs. Mary Agnes Pentland,
now of Calgary, and Mrs. Dorothy
Horne Johnson, now of Provost.

Paying tribute to the memory of
Major Watts, Mayor Tooley said:
"The Major was a wonderful man.
I had the honor of being associated
with him both in his musical activi-
ties as secretary of the Community
Choir and in his civic affairs as
secretary of the Agricultural Soci-
ety. He never spared himself but
gave freely of his time and rare
ability to the furthering of musical
and civic affairs which he so
loved. He was a beloved character
and his contribution to the cultural
life of the district is one that cannot
be measured."

The numbers from 62 through 64
were designs for transports which
were not proceeded with.

The Hound or D.H. 65 held the
world's record for speed over a 500
and 1,000 km. course, carrying a
1,000 lb. load. The Hound used a
Napier Lion engine and among other
innovations had all metal spars.

The D.H. 66 was the famous Her-
cules type, long used by Imperial

Timely Hints From the Beaverlodge Sub-Station

By W. D. Albright
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

Contrasting with conditions in the Peace, note this from an Ottawa communication of April 25. "We have not commenced seeding yet at Ottawa. The land is too wet."

There is far more satisfaction in running a small business on a sound basis than in swinging a big one on an unsound basis. The one course is moral. The other is not, because it jeopardizes other people's interests.

All things are good in their season. In autumn it gives a comfortable feeling to see the crop out of the field and under cover. In spring it is just as comforting to get the seed out of the granaries into the ground.

Erosion control is one of the most important agricultural problems of the Peace. On the Substation some study is being given it. Certain runways have been successfully seeded to brome and alfalfa. Other measures are on trial or in contemplation.

This spring the hum of the tractor has again been generally heard in the land. On a recent 600-mile trip visiting four Illustration Stations, a member of the Substation staff thought he saw more tractor than horse units at work. The occasional rubber-tired tractor was in evidence.

Alberta hog production would be considerably increased if every farm carried at least one brood sow. She would be a conservationist first and foremost, turning into home meat and lard and extra dollars much of what is inevitably waste without her good services. Her mass effect on stabilizing production and maintaining volume of supply in the poor crop years and seasons of lower hog prices would be of incalculable value in building Canada's export market and bringing real new money into the country.

Though the several periods of moderately cold weather occurring when the ground was bare or nearly bare proved rather hard on winter wheat, well-established stands of alfalfa and sweet clover fared better and nearly all shrubs and trees are leafing to the tips. Dry cold rather than ice seems to have been the chief cause of injury to winter annuals. At Dreau the winter wheat in the dead furrows was green, while killing had occurred there, as elsewhere on the higher and drier spots of the fields. This is indeed most often the case in the Peace.

The first four months of 1938 show Alberta hog marketing a full one hundred thousand head behind the

similar period of 1937 according to a memorandum before us. There is every prospect that the autumn marketings will also show comparison in decline. One thing more than another that maintained last fall and winter marketings at as high a level as they did attain was the comparative freedom from disease and spring-litter loss that many districts enjoyed compared with other years. If this spring's hog crop comes through to weaning fairly safely we may cut our market decline in prospect. If grief hits the spring and early-summer litters, Alberta is going to be away down when next autumn's marketings are counted.

In the warble-fly campaign in the Peace River Block count of warbles at the first treatment with Derris powder revealed some very interesting comparisons between neighborhoods, according to figures shown by Tom Crank. Whether these will hold at the second count remains to be seen, but it would appear on superficial study of the records that infestation was generally the lightest in the brushier districts. This might be expected from the fact that cattle galled by the heel fly seek the shade. North of Rolla, at Doe River, including part of Shearerdale, 2508 warbles were counted on 100 cattle—an average of 15 per head. At Lakeview, southwest of Rolla, the average was 8.6; at Shearerdale, 4.6. Out in the brushy area to the west we find an average of 2.2 at Willow Valley; 1.9 at Progress and only 1 per head at Sunset Prairie. At Fellers Heights the showing was still better, some of the herds being free. In one herd at Fellers Heights there were two or three warbles on 3 cows, but two of these animals had been brought into the district. When the full returns are available they will bear careful analysis. Other factors than shade may enter into the case.

Cutworm Bait

Most cutworms feed at night, coming out of the ground at evening to chew the stems of tender plants. Their appetites are quite accommodating. If they find moist sweetened bran or shorts handy they will take porridge in preference to salad. So the wise gardener at the first sign of depredations to his seedling rows scatters along them at nightfall a poisoned bait designed to ensure that their next feed shall be their last. Here are two good formulae either of which in the quantities specified should be sufficient to cover an acre once. It must be remembered that cutworms do not all hatch together. There are many species with differing life habits. A second or third application may be

needed to kill successive broods. The two species most troublesome to garden crops in the North are the red-backed and the black army cutworms.

No. 1
Bran, 25 pounds.
Shorts, 25 pounds (coarse shorts may be used exclusively).
Paris green, 1 to 1½ pounds.
Molasses, 2 quarts.
Water enough to moisten (say 5 to 7 gallons).

No. 2
Coarse shorts for bran and fine shorts, 50 pounds.
Paris green, 1 pound.
Black strap molasses, 1 gallon.
Water as needed.

Preparation

Mix the dry mill feed and Paris green separately. Dissolve molasses in water and mix all together thoroughly. While mixing the mill feed and poison, work in the open air or wear a muslin handkerchief or a mask over the face. Arsenical poisoning is a slow, insidious and dangerous ailment. A Substation employee who neglected precautions had a mild case of it one year.

Application

Sift the freshly prepared bait thinly and evenly along the rows of seedling plants to be protected, doing this at or after sundown so it may be consumed by the night-feeding cutworms before it dries out and becomes unattractive to them.

Turnip Flea Beetle and Red Turnip Beetle

Could you tell me through your column the way to grow radishes, or any of that family in the garden? If it is infested with the turnip beetle? Last year they cleaned up everything including the cabbage. I sprayed with arsenate of lead but they didn't even let the plant get an inch high. They cleaned them up. Would it be all right to sow some kind of chemical with the seed? If so, what kind?—T. B. Besanson, Alta.

Ans.: It is not certain what insect T. B. has to contend with. The turnip flea beetle is a small insect that jumps around and is not very readily observed, being most evident by the work it does. It eats seedling plants of beet, cabbage, spinach, chard, turnip, etc., but has not as yet troubled the Substation's radishes very badly.

The red turnip beetle comes later, being usually first noticeable about the time the radish crop is on the wane. It is about the size of a potato beetle and is red with dark stripes. It attacks sweet alyssum and wallflower as well as vegetables.

Prof. Strickland says copper in any form is repellent to the flea beetles so he recommends a dust that contains copper carbonate and also an arsenical to kill the odd beetle that is not repelled.

For the dust repellent against the flea beetle mix by weight 6 parts lime, 4 parts copper carbonate, 1 part Paris green. Dust over the plants and along the row in the morning and when the dew is on, so the dust will stick better. Shake the dust through a sack or from a tin with holes punched in the bottom. Use enough so the plants and adjacent ground are noticeably covered. This dust should be applied when the plants are peeping through the ground or when transplants are set out.

Usually arsenate of lead spray, 2 pounds to 40 gallons, is considered adequate for the red turnip beetle. When spraying cabbages or smooth-leaved plants add an inch-cube of laundry soap to each gallon of solution to make the liquid adhere.

If one prefers a dust treatment he may mix 1 part Paris green with 15 or 20 parts of some fine dust such as slaked lime dust or cheap flour or road dust; or 1 part arsenate of lead to 10 or 12 parts of the dust. Dust on the plants in the morning when dewy, using a fine cheesecloth bag or a wide can with a number of fine holes in the bottom. Repeat at intervals of a week or ten days.

It is likely the arsenate of lead did good but was ineffectual against the large number of beetles present since a certain amount of poisoned leaf must be eaten ere the beetle dies.

Unless it might possibly be naphthalene flakes, we do not know any material which could be sown with the seed as an effective preventive against attacks of these insects on the emerged vegetation. We would not recommend depending on such treatment.

SOME TIMELY HINTS FOR YOUR FLOWER GARDEN

Now that spring is here all dead stems should be cut off the plants, leaves and broken branches raked up and the garden tidied up. Plants that were put in last autumn should be examined and any that have been heaved out of the ground by frost should be replanted or pressed firmly into the soil. If left the roots will probably dry out and die. The lawn should be well raked, advises Miss I. Preston, Specialist in Ornamental Horticulture, Central Experimental Farm, Ottawa.

If the grass is poor and bare patches occur, some good lawn grass seed should be scattered over the surface and raked in. Rolling the lawn is very beneficial this time of year. Perennials, such as Aster, Phlox, Helianthus, that have grown into large clumps should be lifted, divided and replanted. If any bad weeds are found in among clumps of perennials the plants should be taken up and the roots of the weeds carefully removed and destroyed. The plants will recover very quickly at this season of the year and there is no other way of destroying weeds like couch grass.

Seedlings of garden plants, such as pansies and poppies, frequently show up in clumps of Diantius and other covering plants and if carefully taken up the then be transplanted to some vacant spot in the border.

In loosening up the soil at this season it is well to watch carefully for young growth which may be just at the surface. This may be and other plants are easily destroyed and that means no flowers in summer.

THE WORLD OF WHEAT

By H. G. L. Strange

Director, Research Department, Scarle Grain Company, Ltd.

"Is there likely to be a premium for milling barley next year?" "What variety shall I sow to gain this premium?"

Many farmers are now asking themselves these questions. No one, of course, can forecast future prices or future premiums, but good milling barley will certainly always command a higher price than feed barley.

The National Barley Committee, which represents the most skilled scientific agriculturists dealing with the barley problem, recently recommended that only O.A.C. 21 or Monarch Ottawa 40 should, for this year, be eligible for milling premiums.

This really means that a prairie farmer perhaps had better confine himself for the time being to O.A.C. 21, for the reason that a considerable quantity of high quality Registered First and Second Generation O.A.C. 21 is, in the West, easily available, at moderate prices, to those who desire to improve their barley crops.

To produce milling barley it is necessary to seed early on good clean land; barley is often grown, because it is early, on stubble, as a cleaning crop to get rid of weeds. This practice would ruin milling barley.

The growing of milling barley is really a specialty, just as is the production of high quality wheat.

Following factors have tended to raise price: Broomhall increases estimates on importers' requirements—Cold dry weather reduces European crop prospects—North African barley crop deteriorates—Rains hamper the picking and movement of Argentine corn—Drought damages German, Australian and Balkan oat crops.

Following factors have tended to lower price:—Average U. S. private winter wheat estimates largest ever estimated on May 1st—Canadian Prairies have ample moisture for germination—Spring seeding becomes active in Russia—American new wheat sales made to Continent—Ten per cent corn or rice must be used in Indian bread—Corn planting under way in the United States—Italy bids for Argentine wheat on barter basis.

BANK OF MONTREAL CROP REPORT No. 1

As operations on the land come into their full swing throughout the Dominion, conditions appear more generally favorable than for several years past. Reports from every Province tell of ample moisture for the time being in most districts. Everywhere fall-sown crops and meadows have wintered well, and winter damage to fruit trees and small fruits has been negligible. In the Prairie Provinces present moisture conditions on the whole are sufficient to ensure germination and give the crops a good start. Widespread rainfall during the past few days has been beneficial, particularly in southwestern Saskatchewan and parts of eastern Alberta, where subsoil moisture reserves are low. While spring operations have been retarded by snow and rain, wheat seeding has begun, and in Manitoba and in some parts of Alberta and Saskatchewan it is well under way. In Quebec earlier than usual, and the season continues in advance of last year, with conditions generally favorable. The maple syrup crop has been exceptionally good, both as to quality and quantity. In Ontario land operations are well advanced, weather conditions having been favorable and the season about one week early, with moisture conditions excellent. In the Maritime Provinces fruit trees and shrubs as well as pasture lands have come through the winter in good condition and seeding and planting should be general in about two weeks. In British Columbia the season is early, following a mild winter, and field operations are well advanced, with moisture conditions satisfactory. The bloom in orchards is heavy and the present outlook is for a heavy crop of all tree fruits. Details follow:

Prairie Provinces

Alberta—Seeding operations, which are one to two weeks behind last year, have been further delayed by general precipitation over last week end. The moisture conditions are generally satisfactory. In the Peace River district 75 per cent of the wheat is seeded; in other districts seeding is nicely started. The acreage of all grain is expected to be about the same as a year ago. Infestation by grasshoppers is threatened in a large portion of the south and east central areas. Pasture is good.

Saskatchewan—Wheat seeding is under way, but progress has been delayed by fairly general rains. The land is in good condition for cultivation, with sufficient surface moisture to ensure germination of seed. In some districts subsoil moisture reserves are adequate and good rains will be required throughout the growing season. Indications are that the wheat acreage will be smaller than it was last year.

Manitoba—Good rains have fallen over the Province and, while wheat seeding has been delayed, operations are well advanced. Soil moisture conditions are satisfactory and present prospects are favorable. In some districts precipitation to date is above normal. It is estimated that there will be a reduction in the Durum acreage this year.

Eastern Townships and Ottawa Valley—In most districts spring operations have commenced, with some seeding already done on the high land. There is plenty of moisture and seeding and planting of crops should be general within the next two weeks. Livestock will go to the grass in excellent condition. There are no reports of winter kill or other damage to hay or pasture lands. Fruit trees and small fruits have likewise wintered well.

Lower St. Lawrence and Lake St. John District—While break-up was ahead of normal, cold weather has prevailed and frost is slow in leaving the ground. Work on the land is expected to start about the middle of the present month. Livestock has wintered well. Sufficient snowfall protected pasture and hay lands against winter kill and no damage is reported. Moisture conditions are satisfactory.

Province of Ontario

Fall wheat, clovers and meadows wintered well and are in healthy condition. Pastures have shown rapid growth and cattle have been turned out earlier than usual. Sowing of oats and barley nears completion and germination has been satisfactory. Preparation of land for roots and corn is proceeding and planting of roots has been commenced in the southern sections. Fruit trees and small fruits show minimum frost damage, and the prospects are favorable. Growth under glass has been rapid and plants are in good condition.

Maritime Provinces

A mild winter of light snowfall was followed by a more or less normal

FITNESS FOTO

Kellogg's Bran Flakes are packed with nourishment and energy—the goodness of whole wheat. There's enough extra bran to be mildly laxative. You'll like Kellogg's Bran Flakes. They're crisp and crunchy and ready to eat. Sold by all grocers. Made by Kellogg in London, Ontario.

EAT TO FEEL FIT!

spring break-up. Cold, wet weather, however, is generally being experienced at the present time and the season is somewhat backward. Seeding and planting should be general in about two weeks. Livestock has wintered well. Apple trees and fruit shrubs, also hay and pasture lands have come through the winter in good condition and without damage. There is plenty of moisture and generally conditions are favorable.

Province of British Columbia
Grain seeding is 50 per cent completed; germination is good. Fall

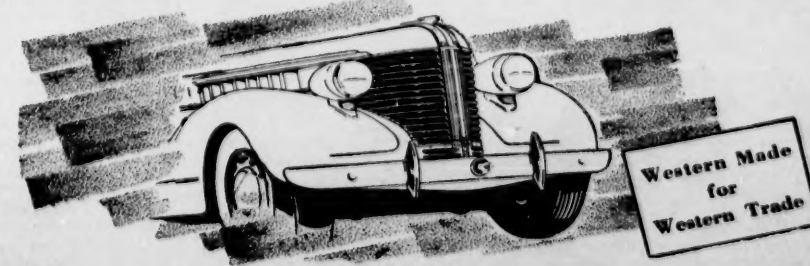

wheat and hay crops wintered well. Transplanting of tomato plants is now nearing completion. Potatoes and onions are planted. Although figures are not yet available, an increase in tomato and onion acreage and a decrease in potato acreage are indicated. Winter damage to strawberry plants, berry canes and fruit trees was negligible. Orchard conditions are good; the bloom is heavy and the present outlook is for a heavy crop of all tree fruits. The snowfall of last winter should provide ample water for irrigation purposes. Pasture is good and growth is satisfactory. Livestock wintered well.

CHECK PONTIAC'S LOW PRICE

SHIFT GEARS THE PONTIAC WAY

THEN YOU'LL AGREE PONTIAC RULES THE LOW PRICE FIELD

GET your new car dollar's worth! Pontiac's the answer! The price tag shows it. One ride will prove it... for Pontiac makes the gear-shift of the future yours today! You shift with a finger tip... drive always with both hands near the wheel—thanks to Safety Shift Gear Control which also clears the

front floor completely. New interior roominess... new, easier clutch action... new handling ease in every way... greater economy in operation and upkeep! Pontiac measures up to everything a great car should be! Pontiac rules the low price field! Convenient terms through the General Motors Instalment Plan.

How Does Life Insurance Benefit Living Policyholders?

Answer.—It enables policyholders to build a substantial cash reserve for future needs—and at the same time ensure protection for their families.

Question.—How does Life Insurance ensure funds for retirement?

Answer.—When the need of protection is passed, the proceeds of a policy may be used to provide a guaranteed monthly income.

Q.—What percentage of Life Insurance payments are made to living policyholders?

A.—Approximately 75 per cent.

Q.—How is the balance of these payments made?

A.—In death benefits to the beneficiaries of policyholders.

Q.—How much money does Life Insurance distribute each year to living policyholders in Canada?

A.—More than \$100,000,000 a year.

This is the sixth of a series of messages sponsored by Life Insurance Companies operating in Canada. The seventh, to appear in two weeks' time, will show how Life Insurance savings finance mortgage loans.

Interesting News From Sexsmith

Vol. VI, No. 47 By R. A. MACLEOD May 10, 1938

GRANDMOTHERS HAD THEIR DAY AT SEXSMITH MAY 5TH

"Mother's Day" was on Sunday, May 8, but the grandmothers of Sexsmith beat them to it by having their day on Thursday, May 5, at the home of Mrs. E. N. Shaw. This is an annual event now, sponsored by the Women's Institute of Sexsmith.

There were two great grandmothers and 12 grandmothers present.

Mrs. Shaw, Mrs. Hall, Mrs. Weicker and Miss J. Haakstad were the hostesses.

Mrs. J. A. Weicker, president of the W. I., made the address of welcome.

The musical part of the program was provided by Mesdames Hall, Smith, Sears, Roberts and Turner.

Mrs. DeLave gave a recitation to music, "An Old Swedish Mine."

There were 34 present. A delightful lunch was served and each of the guests was presented with a pink carnation.

Incidentally, whilst Grandma was out making whoopee, Grandpa was left at home to do the chores.

The following guests were present, leading off with the two great grandmothers, Mrs. English and Mrs. C. Cok; then the grandmothers, Mesdames Anderson, McQuitty, Warden, Wilson, Baker, Wm. McNaughton, Jim McNaughton, Warren, Foster, Fairbairn, and the two new recruits, Mrs. Umbach and Mrs. Sumner.

THANKS ALL THOSE WHO TOOK PART IN PLAY

Mrs. J. A. Weicker, in behalf of the Women's Institute, wishes to thank all those taking part in the play, "Mammy's Lil' Wild Rose," and all others who gave their time and efforts towards making this production the success that it was.

MOTHER'S DAY FITTINGLY OBSERVED IN UNITED CHURCH

Mother's Day was fittingly observed by the United Church Sunday school last Sunday morning.

Instead of the regular routine of the classes there were recitations by

Terry Kirsten, Audrey Neys, Marion Boyd and Eileen Sumner, also a playlet, "The Wesley Family," the following taking part: Mrs. Brubacher, Dorothy McMillan, Shirley McMillan, Mary Innes, Olive Johnson, Delphine Brown, Freddy McNaughton and Tommy Macleod.

CARD OF THANKS

Mr. Mat. Young and Mr. and Mrs. J. Elneron wish to thank their many friends for their sympathy and floral offerings during the sickness and death of their wife and daughter, the late Mrs. Young.

SEXSMITH SCHOOL SPORTS ON SATURDAY, MAY 14TH

Sexsmith school sports will take place at the sports grounds on Saturday, May 14, starting at 10 a.m. There will be baseball, basketball and track events. This will be in the nature of an elimination affair, the winners to go to the Grande Prairie Inspectorate Track and Field Meet at Grande Prairie Saturday, May 28. If the weather is on its good behavior, there should be quite an attendance.

TALKIES DISCONTINUED AT GRAND FOR TWO WEEKS

Mr. Elmer McMow, manager of the picture shows at Sexsmith and Spirit River, has been called to Calgary and wishes to state that the shows will be discontinued for two weeks. Watch for the re-opening in this paper.

LUTHERAN CHURCH SERVICES K. A. KNUTSON, Pastor

Saturday, May 14

2 p.m., Junior Luther League, Sexsmith.

Sunday, May 15

10:30 a.m., Sunday school, Sexsmith.

11:15 a.m., English service, Sexsmith.

2:30 p.m., Grande Prairie, at H. C. Melness home.

8:30 p.m., Luther League, Sexsmith.

The program will be given by the

Norden Luther League of La Glace.

Thursday, May 19

8 p.m., SPECIAL EVENING SERVICE.

ICE. Rev. Iver Iversen, president of the Norwegian Lutheran Church of Canada, will speak in the Lutheran Church in Sexsmith. The English language will be used.

SEXSMITH UNITED CHURCH W. T. R. DELVE, B.A., B.D., Minister

Sunday, May 15

11:00 a.m.—Sexsmith Sunday School.

10:30 a.m.—Buffalo Lakes S. School.

11:00 a.m.—Buffalo Lakes.

7:30 p.m.—Sexsmith.

Special MOTHER'S DAY service at Buffalo Lakes.

SEXSMITH AND DISTRICT ANGLICAN SERVICES

REV. H. E. WEBB, Rector.

Sunday, May 15

11:00 a.m.—Mount Star School.

3:00 p.m.—North Kleskun School.

7:30 p.m.—Emmanuel Church, Sexsmith.

PRESTVILLE NEWS

HIGHWAY UNIT HOLDS MEETING

PRESTVILLE, May 6.—The Prestville unit meeting of the Monkmann Pass Highway Association was held at the home of M. Joberty on Saturday evening. 11 persons being present. It was decided to send the thirty dollars, the proceeds from the amateur hour and dance, to the Monkmann Pass Highway Association. After the meeting a delightful lunch was served by the hostess.

SEEN AND HEARD

Seeding is general throughout the district this week.

Five ladies from Spirit River were visitors with Mrs. Joe Johnson Saturday afternoon.

Mrs. Joberty returned from a short visit at Fairbairn on Saturday's train.

Mrs. Wright returned with her to spend a few days.

Mr. and Mrs. Johnson driving their new car in to Ryerfort.

The boys have commenced their baseball practice.

Where the elevator once stood just one charred mess of burnt grain and tin. People hurrying here and there with a few bushels of grain or pulleys or what have you?

GORDONDALE

WHEAT SEEDING NEARLY DONE

GORDONDALE, May 4.—Tillage operations are proceeding at a fast clip, with weather and soil conditions ideal, and wheat seeding will all be completed by the end of the week. The knolls which threatened to be on the dry side earlier were replenished with light falls of snow. This is the earliest and most ideal spring we have had since the settlement was formed ten years ago.

CONTEMPLATING ADDITION TO STORE

The storekeeper, P. Radke, reports the Blueberry Highway to town good, but our, apart from the three miles graded last fall, pretty soft and muddy since the frost left the ground.

He has been laying in quite a large stock of all necessities this last while so that he need not be compelled to draw any heavy loads through the mud.

He also contemplates building an addition to his present premises so that he will not be cramped for room.

CHILDREN VACCINATED

The District Nurse from Blueberry Mountain vaccinated the children yesterday, also addressed the ladies of the district in the school-house on the oldest of topics, "Motherhood." From reports it was a very instructive address, most ably delivered. Practically all the ladies of the district were in attendance and were very appreciative of the advice and instruction given.

Mr. R. R. Knight returned from Pouce Coupe Hospital last week, claiming the mountain air and scenic beauty of that town is sufficient to cure most ailments.

Those that are in the root-picking game these days need strong backs, owing to the frost under the furrows—ice, to be correct—in which the other end is frozen. A strong mind and lots of sand also help.

Mrs. E. Johnstone is gradually recovering from her operation and soon will be back to normal health and strength.

MEADOWVILLE

MEADOWVILLE, May 5.—Most of the seeding and gardening is finished around here and now everyone is looking for rain.

Church services are held in the school-house here every Sunday evening at 8 o'clock.

Mr. J. Blomli, who has been sick in bed for the past week, is now able to be up and around.

Ann Wall and Henry Franz were married on Sunday April 24. We all join in wishing them happiness and a long life of good luck.

Mr. and Mrs. Joe Anderson, formerly of Meadowville, have moved to Valhalla Centre.

SEEN AND HEARD

The song "Blue Eyes" seems to be the most popular song in this district these days.

A couple of young ladies decided to have some coffee Sunday night, so they built a bonfire in the middle of the road.

NIOBE NEWS

NIOBE, May 9.—Seeding in this district is near its end for this year and we are all looking forward to a good downpour of rain.

We are all glad to have Marvin Forreth with us again. He has spent the winter months down by the coast and says he has had a good time, which we believe because we see it.

Johnnie Gulbransen came back with him also and is now busy looking for painting jobs. Hope everybody will be good to him and give him all the work he wants.

Hazel Throness is now working at Ronning's in Valhalla.

THE MOON TOLD ME:

That Hans had to park by the gate because it was shut.

Erling coming home so late that he could snore only 3-4 times and then it was time to get up.

Keith wanting to go west again.

Thor saying he'll be back again on the 24th for a turkey supper, but I'm afraid he'll have to supply the turkey himself.

HIGH PRAIRIE

Hospital Report Of First Six Months Of Operation

HIGH PRAIRIE, May 9.—May 12 being Hospital Day, the Providence Hospital Aid held a tea in the Walker Club rooms on Saturday, May 7, for the benefit of the hospital. A most enjoyable afternoon is reported, with cakes and other good things selling very well.

After some six months of operation, Providence Hospital makes an interesting and successful report. Starting with 11 beds, it was soon necessary to add four more beds to accommodate the many patients. Two hundred and twelve patients were admitted to the hospital, making a total of 2,450 hospital days; 67 operations were performed during the past six months; 40 X-ray examinations and 283 laboratory tests. The hospital also reports 22 births since the opening last autumn.

At the suggestion of Dr. Wood, members of the Elks Lodge have gone to the hospital to have their blood tested and grouped, so that a list of donors may be available for blood transfusion when needed. A great variety of cases have been treated by the hospital, which is ably fulfilling its high aims and has established itself as an essential in the community. The cooperation of both High Prairie doctors and the devotedness of the nursing staff assuredly has much to do in reaching the present high standard. The present staff consists of four registered nurses, two of whom are Sisters, also three Sisters and four employees.

Outside, the lawn is being improved, flower beds and a vegetable garden added, and a new driveway made to encircle the building.

'Her Step-Husband' Well Received At High Prairie

HIGH PRAIRIE, May 2.—The ladies of St. Paul's Church here are receiving well-earned congratulations on the success of their play, "Her Step-Husband."

On Easter Monday last a crowded house listened with interest and amusement for two hours while a cast of local amateur talent acted their parts with the skill and abandon of an Ellen Terry or a Sir Henry Irving.

Miss Dorothy Savill as Mary Marshall, a romantic young housewife, gave an especially creditable performance involving several difficult dramatic situations.

Max Vanderaegen as Harvey Marshall, Mary's young husband, was so realistic that we wonder how Mr. Vanderaegen was able to witness the play without collapse.

A neighbor of the Marshalls who lends them things was well represented by Mrs. James Nelson.

Miss Dolie Vanderaegen as Mary's "Aunt Emma" played her part with skill and understanding.

Mary's cousin Florence was well played by Miss J. Dolerty.

E. A. Lecours as "Dr. Niles" was indeed a very accommodating step-husband, whose willingness to talk excessively produced many amusing "breaks."

Harry May in the role of an ex-convict and yeoman was exceptionally good.

Miss Annie Savill acted well the part of maid to the Marshalls, and Pat Hanlon as Officer Shea gave a splendid performance.

On the whole the play was very well balanced and showed good, careful training by the director, C. S. Spaulding.

At the conclusion, Father Good made a presentation, on behalf of the cast, of a fine humidor to Mr. Spaulding in recognition of his splendid and generous services. The speaker in the course of his remarks stressed the advantage of developing local dramatic ability and rightly claimed that much hidden talent would be brought to light. "Too little effort is made," he said, "to cultivate the finer feelings and their expression."

SEEN AND HEARD

Two young ladies very tired and slightly unwell.

Margaret O'C. carrying a heavy load Wednesday.

Shoppers getting bothersome.

Everyone is thinking of what they will do if they get a good crop.

Better not count your chickens before they are hatched.

BIG SMOKY DOINGS

MOODY'S CROSSING, May 5.—Now the roads are in good shape traffic from outside is getting heavier every day. A few stop to camp overnight by the river. Soon the leaves will be out on the big balm of Gilead trees and then this is one of the most pleasant spots to picnic and camp in the country.

Pat McCann crossed both cattle and horses this last week. Most of the cattle swam the river. Pat's cattle have wintered well.

Lots of bush fires around and we hear now and then of someone losing this or that by fire.

Wm. McKinley of Edmonton, Jim McKinley of Wideswater, E. B. McKinley of DeBolt and Cy. Arnett of Vancouver and his brother, Mr. Arnett of Edmonton, were all very welcome visitors over the week-end at the home of Mr. and Mrs. Lyall Roe, the "Ferry Inn."

Lyall Roe has made many changes and improvements at the "Ferry Inn," but his verandah porch is his own idea and is causing much comment.

Reg. Moody operated the ferry for his father, Wm. Moody, on Sunday and Mrs. Reg. Moody and family spent the day at the river.

Mr. and Mrs. Knobb of Goodwin were visitors at Wm. Moody's home across the river on Sunday.

You saw it first in The Tribune, if it was worth seeing.

GOODWIN

GOODWIN, May 9.—S. Fish of Meadowvale spent a couple of days in Goodwin last week, before returning out North, coming from Grande Prairie, where he went to see his sister, who was quite ill at the Municipal Hospital.

Ray Pellerin and Bert Preece of Meadowvale also were Goodwin callers last week.

Quite a few turned out to the services on Sunday, held in the school-house by Mr. Steed of DeBolt.

A. Lind has been across the river the past week, overhauling S. Patterson's car.

A bunch of the men from here went to DeBolt the other night to hear Mr. Sharpe.

Hilliard Dunkin went up North today, bringing with him a load of seed oats for Mr. Preece.

Mrs. Munroe called on Mrs. White Sunday afternoon.

Sorry to hear the young folks at Dana's are on the sick list. Here's hoping they are fine again at this writing. Mrs. C. Lenes called on Mrs. Munroe on Monday.

Allan Moore of Beaver Lodge called in the district on Sunday.

Fred Munroe called across the river on Monday.

RIO GRANDE NEWS

RIO GRANDE, May 5.—Seeding is well on its way; in fact, most of us are now starting to hope for rain.

We are sorry to hear that Mr. Carter is sick and we hope he will have a speedy recovery.

A number of the ladies around here have started a "Busy Bee" club. Pearl visited the Merwans on Wednesday. Josephine and Dorothy visited Hazel Nichol on Wednesday also.

The first meeting of the Busy Bees was held at Mrs. Wattle's. William Hutton has traded his car in for a better one.

SEEN AND HEARD

Two young ladies very tired and slightly unwell.

Margaret O'C. carrying a heavy load Wednesday.

Shoppers getting bothersome.

Everyone is thinking of what they will do if they get a good crop.

Better not count your chickens before they are hatched.

MOODY'S CROSSING, May 5.—Now the roads are in good shape traffic from outside is getting heavier every day. A few stop to camp overnight by the river. Soon the leaves will be out on the big balm of Gilead trees and then this is one of the most pleasant spots to picnic and camp in the country.

You saw it first in The Tribune, if it was worth seeing.

ASPEN GLEN AUTO CAMP NEWS

ASPEN GLEN AUTO CAMP, May 9.—In the absence of definite count, we are inclined to think that the traffic is the heaviest yet for this time of the year.

The weather is not only favorable but the gravel perhaps has some influence in encouraging folks to venture out.

Coming from Beverley, Alta., J. J. Hoffman and two others made an early call for gas on the 4th on their way to Fort St. John, where, we understand, they intend to settle.

R. B. Pude and two others of McLennan stopped in passing on May 7, en route to the state of Washington.

To those who feel the need of watch dogs Wm. Davies recommends roosters. He has one that puts to route every caller if he isn't near to intervene. The bird's attack is so surprising (always making his assaults from behind) and so furious the first impulse is to retreat.

GEM Everbearing Strawberry Plants—Fruits two months after planting—till freeze-up. Grows (by A. Brager) locally—means undelayed delivery and success. But plant soon as possible.

50, \$1.50; 100, \$2.50, postpaid.

ASPEN GLEN CAMP, Faust, Alberta.

Stainless Steel Discs The Biggest Improvement in Cream Separators in Years

STAINLESS STEEL DISCS with electrically welded stainless steel spacers—the most important improvement in cream separators since McCormick-Deering pioneered the use of ball bearings in cream separators.

What does this advanced McCormick-Deering feature mean to you? Just this—that it provides the same sanitation that you demand of kitchen equipment, and the same high skimming efficiency year after year. Even after hundreds of hours of service, the stainless steel discs in the McCormick-Deering look like new—no rusting... no pitting... no coating worn off. Ask us more about the great advantages of stainless steel discs.

FIGURES IN A BOOK?

What gives rise to a loan?

★ ★

"Credit can only be issued against real assets... The amount of credit must always be limited to the amount of free money..."

That was written by one of the greatest of Socialists—by the late Viscount Snowden of Ickneshaw, Philip Snowden, in 1935—little more than two years ago.

Few stood so long or so resolutely in the forefront of public controversy, or aroused such fierce opposition by vigour of opinion or severity of tongue—and none passed to his rest having earned greater public respect than Viscount Snowden.

His career was a triumph of sturdy British character. He took an unpopular course during the Great War, but later became one of his country's great figures, standing firmly for his convictions and for soundness in the financial structure of Great Britain.

His words quoted above apply to Canadian banking today with all the force with which he applied them that day to banking in England. The Canadian banking system is a British system, adjusted from time to time to fit the needs of a developing nation in the changing scene of this new world.

Credit can only be issued against real assets. That is as true today as ever. You cannot create credit by writing figures in a book. You cannot make loans regardless of deposits, collateral or repayment, then write the loans up with a fountain pen as figures in a book labelled "Deposits" and lend them over and over.

If you could, then bankers in any country would need no more than a fountain pen to prevent bank failures.

During the last ten fiscal years Canada's chartered banks have paid more than \$397,000,000 in interest on deposits. If they could create deposits by the magic process of writing figures in a book, they could have saved that \$397,000,000!

And if banks could lend ten times the amount of their deposits, collecting interest each time, bank profits would become a national scandal, dividends would be paid in astronomical figures, people would be selling all they had to buy bank shares, and there would be a land office rush on at Ottawa for bank charters.

But what are the facts?

Bank profits last year averaged less than half of one per cent. on total assets—a lower margin than that of any other class of business, corporate or individual.

Dividends are less than 4½ per cent. on shareholders' investment; nobody is scrambling to sell all he owns to invest in bank shares, and there is no land office rush at Ottawa for bank charters—though no application has been refused in the last fifteen years.

Banks perform no miracles.

They keep cash reserves more than sufficient to meet the average daily withdrawals. They keep much more in forms readily convertible into cash, should any emergency ever arise.

By reason of their strong liquid position Canada's chartered banks have money awaiting demand—just awaiting safe loaning opportunity.

Banks cannot lend money unless people want to borrow it. They have no monopoly of the business of extending credit, for the cash reserves of many other corporations find a useful earning outlet in the same way.

Some loans directly give rise to deposits; but have you ever considered what it is that gives rise to a loan? A man's realizable assets accumulated from his own work, plus his own character, ability and willingness to repay.

All deposits are not the direct result of loans. People do not borrow money and pay interest on it to leave it on deposit at a lower rate or no rate at all.

They borrow money for use. They draw it out promptly and use it in the expectation of making a profit over and above the bank charges.

Let us remind you that deposits of any kind are always payable to the depositor, or to his order, in cash.

THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.

DODGE SAFETY, COMFORT,

ALONG THE WAPITI

By JUNIUS

ALONG THE WAPITI, May 7.—Seeding almost completed. Every one busy with their gardens. Ground still cold and frosty in mornings.

Harold Hosker with a tractor speedily completed Harry Hodgson's seeding, hauling a combine tiller and disc. Also he finished his brother's farm in record time.

Arthur Hosker is again confined to his bed with a recurrence of his trouble from his late operation.

Pasture is picking up wonderfully.

Ian McAllister has considerable brushing done.

Mr. Anderson has his crop in and busy brushing further land on his new purchase here.

Mrs. Calhoun is home but unable to do anything very much as yet.

Ray Campbell is busy on the land.

Don Kennedy is putting in Mac Maclean's place as well as Mr. Pidgeon's.

R. Johnson of Dimsdale has a market garden of some fifty-odd acres in wheat on the old Ree's place. He is continuing more brushing this year.

The Bain family are busy transplanting their small fruits.

Mrs. J. C. Maclean was a visitor at Bain's last Thursday, helping.

Dave White, Jr., is helping Mac Maclean fencing and brushing.

Mr. and Mrs. Johns and son of Wembley were visitors last week at Mr. and Mrs. White's.

Mr. and Mrs. Kenneway will be occupied in the vicinity of Clairmont for some five or six weeks more.

Road work is expected to start soon here.

Mr. and Mrs. Johnson moved over west of Pipestone last week.

Mr. and Mrs. Vic Elford and family are expected on their quarter, vacated by the Johnson family, shortly.

C. Sutherland is busy planting spruce and getting garden ready.

Geo. A'hern has been under the weather lately.

Mr. and Mrs. J. C. Maclean and Geo. A'hern were visitors at Mr. and Mrs. Ed. Woods last Sunday.

No word yet from Bill Davies. Let's have a line, Bill.

Trees still in bud. Have not yet broken out.

Fencing, brushing and gardening now the order of the day.

PIPESTONE CREEK

NEW FOREMAN

PIPESTONE CREEK, May 9.—Spring work is proceeding rapidly under the direction of Arne Nilson, who has taken charge of farming operations and development of the farm here. In addition to the seeding of some acres to timothy a start is being made with alfalfa with the very excellent seed produced in the district across the Wapiti.

Considerable clearing with a view to breaking in under way. Care is being taken to leave wide strips of bush on the west side of fields to conserve moisture and prevent soil drifting.

All seed sown on new land will be registered seed. The potato crop will also be grown from certified seed.

COMPLETION OF NEW SCHOOL

The building which is to provide temporary quarters for the new Pipestone Creek school is now ready for the blue-eyed (?) teacher. Under the red roof is a substantial log building with a green door and windows. Great credit is due to the young contractors, Alan and Tom Gerow, who by working 16-hour shifts have finished six days ahead of schedule. The school was inspected by Mr. Mackintosh, member of the enlarged unit board, on Sunday last.

This great event and the fact that seeding is practically finished in the district will be celebrated by the first big social event to be held this season. In other words, there will be a big

DANCE

in the barn loft at Pipestone Creek On Wednesday, May 18. Music by the well-known Vagabonds Orchestra. It is predicted that there will be no rain of any consequence until May 19. This will give everyone one time to get home after the dance. As the roads to this point are now good, a large crowd is expected. The admission price of 50 cents per person includes supper.

Due to the fact that the date corresponds with the second day of the Grande Prairie Musical Festival, the dance will not start till 10 p.m. This will give everyone an opportunity to attend the Festival and to drive out later in the evening to the dance. A popular feature of the dance will be illumination of the grounds by large bonfires.

The work of improving the dance floor is already under way. The piano has recently been tuned by Dick Lewis.

The management have again been fortunate in securing the services of Mrs. Sanders to direct the staff responsible for the refreshments which will be served shortly after midnight.

Lighting arrangements are in charge of Harold Hosker, the village blacksmith.

The store will be open all night under Mr. Archie Gerow's management.

If you haven't the price of a ticket you can trade in eggs or butter, a few squirrels, a muskrat or even unused postage stamps. Small changes or money orders can be cashed at the store, and you can top up your tank with B.-A. gas and oil.

Don't forget the date, Wednesday, May 18, and the Vagabonds Orchestra.

East of the Smoky and Its Doings

MONTHLY MEETING OF LEGION BRANCH

DE BOLT, May 9.—The East of the Smoky Branch of the B.E.S.L. held its monthly meeting in the clubhouse on Saturday night, May 7. There was a good attendance on members considering this is the busy season.

The meeting opened with the members standing while the two minutes silence was observed in memory of fallen comrades.

The minutes of the previous meeting were read and found correct. The secretary, Comrade Dr. Neilson, had a sheaf of correspondence, which was given due consideration and filed for future use.

The secretary reported on behalf of the library. The first consignment of books has arrived and been placed at the service of the public. The Doctor will be on hand each Friday evening, between 7 and 9, to wait on anyone wanting any of the books.

A special committee was formed to make arrangements for a suitable foundation for the club-house. Whether this will be a full basement or what remains to be seen.

A much larger door has been put on the club-house and the windows have been fitted with safety catches.

It was decided that the local branch of the Legion fall in with the community on Saturday, May 21, and assemble at the cemetery to take part in a general clean up of the burial ground and assist with the planting of trees and shrubs. A committee from the Legion will meet with the cemetery officials and make arrangements for the placement of a small portion of the grounds to be known as the "field of honor" for deceased soldiers.

On the Sunday following the general clean-up a special memorial service will be held in the DeBolt United Church, at 11 o'clock, and the members of the Legion will attend in a body and take part in the service.

Mr. Steed, the minister in charge at DeBolt, attended the Legion meeting and was introduced to the president, Wm. Perkins, and comrades. Mr. Steed extended to the members of the Legion a very special invitation to the memorial service. It is hoped that every member will make a special effort to be present and take part in this our first memorial service, and a special invitation is extended to all return men to come along and fall in on the markers at 10:45, when the president, Sergeant Wm. Perkins, will line the boys up and Comrade Captain Fred Surtees will be chief in command. A very special service is being arranged, special music and other items, and a cordial invitation is extended to re-

turn men and friends to keep this service in mind: Memorial Service, May 21, United Church, DeBolt. A contingent from Grande Prairie is expected to take part in the church service.

God Save the King.

SEEN AND HEARD

A member of the local branch of the Legion intent on making his usual Saturday evening business call with the stores. Correct details are not very clear, but it seems some mishap took place and his wife and farm produce got a wide scattering, and the comrade held on to his horses. Apart from the loss of eggs and cream, neither he nor his wife were hurt, and we all join in congratulations of their escape from injury.

CHURCH NEWS

The newly appointed minister, Arthur Steed, has taken things in hand and is making his presence felt in connection with the work in the church at DeBolt. The newly organized choir were on hand Sunday morning and a marked improvement was noticed in the service.

The first session of the Sunday school for the season was held on Sunday morning, when about 40 children were present. W. G. Given introduced the new minister to the girls and boys and gave a little talk on "Mother."

At a social evening given in his honor on a recent evening, Mr. Steed promised he would sing an African song if he had a congregation of 75 people attend his church service. The superintendent of the Sunday school invited all the school to remain for the church service, with the result that the necessary number was reached and Mr. Steed was as good as his word and sang an African song and told the story of the Little African boy.

Mr. Steed is a son of the manse and his father is pastor of a church in Toronto and served in the mission field of Africa for more than 30 years. His son is musically inclined and is making a great hit with the young people, and choir practices are called for on Saturday evenings at 8 o'clock. The young ladies are especially requested to attend these practice gatherings.

Trail Rangers and Tuxis Boys' Clubs are being arranged and the first meeting will be held on Wednesday evening, when the work will be organized and plans made for the future.

The friends of the church will please keep Saturday, May 21, in mind and gather at the cemetery and assist with the general clean-up, and all are reminded of the special memorial service on Sunday morning, May 22, at 11 o'clock. The members of the local branch of the Legion and all return men have been invited to attend this service and a full house is expected. Extra seats have been put in the church and it is expected a further consignment will be needed if the congregation keeps on growing at its present rate. Mr. Steed says he feels quite a home and has entered upon his ministry with a determination to give his very best.

He will be holding services at Goodwin, possibly every Sunday, and it is possible a week-day service will be held with the friends in the Simonette district.

Friends are asked to keep these services in mind, also the choir practices and the Sunday school every Sunday morning, at 10 o'clock.

FLOOD TOURISTS WITH MAPS OF ALBERTA

Tourist centres in the United States and elsewhere are being flooded with official maps and other material dealing with Alberta.

The campaign is expected to be productive of gratifying results from the standpoint of increased tourist travel to Alberta this year.

Last year, nearly 25,000 cars from the United States crossed the border into Alberta. This year, an intensified campaign should increase the total to 100,000, in the opinion of officials of the Alberta Motor Association.

The campaign to attract this increased traffic will be aided by a new up-to-date official highway map of the province, just issued by the Public Works Department for the province. This map shows highways, district roads, railway lines, ferries, ports of entry, summer resorts and provincial parks. It will be an essential part of any tourist's travel equipment.

In addition, 100,000 blue colored strip maps of different sections of highways have been issued and distributed by the Alberta Motor Association. These are available at city branches, garages, hotels and other official appointments of the A.M.A.

TRIBUNE WANT ADS BRING RESULTS

Weekly News Letter From Parliament B'dgs, Ottawa

By RENE PELLETIER, M.P.

MONKMAN PASS HIGHWAY

OTTAWA, May 6.—Each year the Federal Government brings down a measure entitled "An Act to assist unemployment and to alleviate agricultural distress." This measure is designed to give the Government authority to spend money on whatever projects appear to the Government as being likely to assist unemployed and farmers on relief.

I have always contended that this measure is sufficient authority for the Government to help us to build a coast outlet from the Peace River country. The Bill is now before the House and I felt that it was the proper time to introduce the matter of the Monkman Pass Highway.

After a deal of argument concerning the project, the Right Honourable R. B. Bennett said as follows:—"But there is no reason why a decent highway should not be provided, having regard to the numbers of people who are without opportunity to get to the coast, and who certainly cannot reach the Atlantic Coast and the Prairie communities under any reasonable conditions."

Further he said: "I really think that having regard to the fact that the people of the Peace River have been denied the benefits of civilization, and some assistance should be given to them. He desired to endorse the remarks of the Member for Peace River, and referred also to the vast amount of voluntary work which has been done by the citizens themselves, and some encouragement should be given."

Mr. Turgeon, M.P. for Cariboo, also spoke. I am sorry to report that he is unable to support this project. He maintained that it was better that the Federal Government should provide funds to assist in the building of mining roads in the vicinity of the holdings of the Consolidated Mining and Smelting Company, than that this company had an investment of approximately \$1,000,000 in that area, that they employed between five and six hundred men and furthermore that if the Monkman Pass Highway is built the chances for a rail outlet are lessened.

I am of the opinion that the investment of the Peace River farmers running into many millions of dollars, in addition to their number which is greater by far than there is employed in the Manson Creek mines area, should be the first consideration of the Government. I have no objection to raising the money to develop the investment of mining areas. I heartily commend the Government for this policy, but it makes me see red when the claims of thousands of people made over a number of years, are set aside, and preference is given to more recent and less worthy claims.

I have no tears to shed for the Consolidated Mining and Smelting Co. I looked up their balance sheet for last year and found that they made profit of \$1,000,000. They have a total of \$10,000,000 of the natural resources of the country. It might be true that they have a million dollar investment, but what is the total investment of the people of the Peace River country? It runs into tens of millions of dollars.

Furthermore, the argument that the Monkman Pass Highway will prevent a rail outlet is unsound. Just as soon as the railway is built the highway is taking traffic away from them. It will act. What they want is to retain their long haul around by Edmonton or Calgary. But when produce and supplies of all kinds find a new channel of outlet, it will be a different story. What do they care about the needs of people when geographic conditions give them a transportation monopoly. At present they are secure in the knowledge that every item they export must go over the rail to Edmonton.

There is also another angle and it is this: Transportation facilities for the Peace River mean development, increased population, greater production, more and more commerce. An increasing volume of traffic is the best argument we can have. If that volume is large and attractive, and somebody else is getting the cream, don't worry, we won't have to beg and coax the railways. There is only one language which they understand and that language is dwindling revenues.

WE ARE PAYING DIVIDENDS—Since 1930 Canada has disbursed a total of \$308,742,859 on relief in various forms, according to the annual report of Harry Herford, Dominion Commissioner of unemployment relief, tabled by Labor Minister Rogers, in the House of Commons.

In addition to those amounts the Dominion itself engaged on relief projects, administered by various govern-

mental departments, and these brought the disbursement figure up to the total mark.

Last year relief cost \$44,338,190, of which \$17,241,320 was distributed by the Dominion Department of Agriculture.

Saskatchewan is the largest provincial debtor, its obligations to the Government on relief account totalling \$48,350,137. British Columbia comes next, with a debt of \$33,086,710. Alberta owes the Dominion \$26,070,198 and Manitoba \$22,286,146. Last year the Dominion advanced \$15,382,417 to the four provinces for unemployment relief purposes, in return for which the provinces gave treasury bills, bearing three per cent interest and payable half yearly.

Preliminary figures for all Canada show that at the end of March the total number receiving material aid was 1,080,272, of whom 270,000, or approximately 25 per cent, resided in Ontario. This figure was greatly exceeded by Saskatchewan's combined total of 200,000 in the drought area and 229,400 in the balance of the province.

No doubt relief was paid in Manitoba since last August but in Alberta the close of the fiscal year showed 20,775 in the drought area and 45,925 elsewhere on relief. Manitoba's relief recipients numbered 64,506.

Tobacco going back to the May 1932, presented a picture of the fluctuations of Canada's relief problem over a period of years. They indicated April, 1933, as the bottom of the depression when 1,517,531 persons in Canada were on relief.

1,427,746 were recipients of direct relief in the way of food, fuel, clothing and shelter.

The low point was last August, when the total figure was reduced to 717,510. In only 22 months of the 71 months covered by the report—from May, 1932 to March, 1938—has the number been less than 1,000,000. In general August and September of each year are the months when relief reaches its lowest point. Its high points are during January, February, March and April.

Who says we are not paying dividends? Every person out of every ten in Canada has received a dividend for the last six years. The big trouble is that the money to pay these dividends has been borrowed from banks, etc., by the Federal Government because the banking system to remain. The amount expended now bears interest and the penalty that the tax-payers of Canada must now pay each year for this particular item alone is well over ten millions of dollars. This must be collected in the form of taxes, such as an eight per cent sales tax, excise taxes, etc., etc., and this interest grows by leaps and bounds each year. It is compounded.

Of course it is Canada's duty to provide for those who through no fault of their own, have been compelled to accept assistance. Did all these people want charity? Of course they did not. They wanted to do something. They wanted to feel that they were earning every nickel they got. But our antiquated financial system, controlled by private interests, lays down the rules. The money spent is money we now owe, which our children's children must pay. We are not leaving those who come to us anything whatever to at least provide an excuse as to why they should pay, except the excuse that their fathers did not do, did not have the courage, to come to grips with private finance and make it the servant of man instead of man being its servant.

BUSINESS OF THE HOUSE—A long discussion on agricultural implements has been going on this week. The question is being debated from every conceivable angle including those of the farmer, the manufacturer, the worker in the factory, the cost of distribution, profits, business methods in the industries here and in the U.S.A. and the custom duty.

It is apparently a matter into which a good deal of politics enters. The duty is not very high. A few years ago it used to be 25 per cent, now it came down to 10 per cent and then to 7½ per cent. There is no particular legislation contemplated concerning this matter. The discussion takes place because of a report of a commission on agricultural implements which has been investigating this question for the past two years. The Minister of Agriculture took the occasion the other day to make quite a speech. He said that if the implement companies did not cooperate with the Government, that measures might be taken to deal with them more effectively. If there is anything done, it will be either in the budget or else by a special trade agreement.

It seems to me, that instead of a discussion which cannot at this moment serve any good purpose except to occupy the time of the House, legislation should be brought to put the recommendations of the committee into effect; we would then have something tangible to work on no matter how much debate went on the time of the House would not be wasted but some result would follow.

THE ROWELL COMMISSION—Another item of interest this week, is the submission made to the Rowell Commission by Premier Hepburn of Ontario.

He told the Commission that far from accepting any increased responsibility of centralization on the part of the Federal Government, his duty was to protect the powers of the Province. It is fairly certain that the Premier of the Province of Quebec will take the same attitude.

Mr. Hepburn severely criticized the Dominion Government in regards to the appointment of the Commission. He stated that neither he nor the Premier of another large Province had

been consulted. It is generally thought that he was referring to Quebec. Since that time, large headlines have appeared in eastern newspapers, telling that there is a possibility of the Government going to the country on a policy of national unity. It appears probable that the Dominion Government would take the attitude that Canadians generally should sanction a proposal to centralize and increase federal powers.

Personally, I do not think that this will happen, the Rowell Commission has not yet finished its sittings, and the issue cannot possibly come to a head until it makes its recommendations.

A SPECIAL TRIBUNE FEATURE
THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

CANADA'S NATIONAL GAME INSPIRES YOUNGSTERS IN OLD LAND

Ice hockey has become one of the most popular winter sports in the Mother Country, so much so that the youngsters have adopted a summer sport called roller hockey patterned on ice hockey. This picture shows a team of youngsters on roller skates enjoying a game of roller hockey in the schoolyard.

TEXANS WITH A RECORD UNDER THEIR BELTS

Members of the North Texas State Teachers' College relay team are shown above after they had set a new medley record for the two and a half mile relay at the Penn. Relay Games in Philadelphia. Left to right, A. Chrisman, H. Morgan, W. Rideout and B. Rideout, who covered the distance in 9:59.4.

SPANISH CIVIL WAR DOES NOT STOP FRUIT GROWERS

Spain may be in the clutches of the war god Mars, but the fruit growers won't let him interfere with their livelihood. Our photograph, taken in the town of La Petthue on the Franco-Spanish border, shows transports pouring into France loaded with fruit.

COLOR PLAYS IMPORTANT PART IN HOLLYWOOD COSTUMES

Vivid peasant colors and trimmings feature the stars' summer frocks and playclothes. Spanish wine bottles and wine-making inspired the white, green and maroon print of the frock displayed by Rita Hayworth in Columbia's "There's Always a Woman." The halter bodice is attached to shorts, worn under a skirt with built-up waistband. Dark blue linen is combined with Indian red in the princess line frock chosen by Jacqueline Wells of Columbia's "The Main Event." Self material front lacings form the waistline. The frock selected by Joan Perry of Columbia's "Start Cheering" reveals the cowboy influence. Made of beige cotton with edges outlined in simple Indian red stitching, it achieves the fringed effect through gaily colored pieces of fabric.

SO THIS IS HOW BANK NOTES ARE MADE

The King and Queen paid a surprise visit to the famous paper mills at Laverstoke and Overton, Hants, where paper for banknotes is made, and in the above picture Their Majesties are keenly interested in the future banknotes.

CHRYSLER JR. AND HIS BRIDE

Walter P. Chrysler, Jr., son of Walter Chrysler, the motor magnate, is shown leaving St. Bartholomew's Church in New York with his bride, the former Marguerite Sykes, daughter of Mrs. Walter H. Sykes.

PEACE PARADE ENDS IN BATTLE

Student peace paraders at the University of Chicago went into battle when three "Nazi sympathizers" taunted them by exhibiting a swastika from the balcony of one of the fraternity houses and added insult to injury by having a photograph blare "Deutschland Uber Alles" while shouting "Heil Hitler."

RESIGNS

The Duchess of Atholl, prominent British Parliamentarian, who has resigned her position of Government Whip as a protest against the Anglo-Italian pact.

FIRST MAN IN

Captain Archibald Melkie, commander of the S.S. Duchess of Bedford, who received the gold-headed cane for bringing his ship into port at Montreal and claiming the distinction of being the first liner to dock in 1938.

BRADMAN BRINGS GREETINGS FROM "DOWN UNDER"

With typical smile and hat held aloft, Don Bradman, captain of the Australian Test Cricket Team, greets cricket enthusiasts who turned out to meet the Australians when they arrived at Southampton.

AT THE ROYAL WEDDING OF KING ZOG

Albania got a new queen and King Zog a wife when Countess Geraldine Apponyi, Hungarian beauty, became the bride of the tiny kingdom's ruler at a festive ceremony attended by Count Galeazzo Ciano, left, and other notables. This picture of the royal wedding was flown to Rome, telephoned to London, and then radiophoned to this continent. Pope Pius XI withheld recognition of the rites because King Zog, a Moslem by faith, while his wife is a Roman Catholic, refused to pledge that any children the couple might have would be reared in the Roman Catholic faith.

SIR JOHN AND HIS BUDGET

This photograph of Sir John Simon, Chancellor of the British Exchequer, was taken as he made final preparation for the Budget which added tremendously to the heavy burden which the British taxpayers are already carrying.

HAS UNIQUE RECORD

Alonso George Watson has just retired from the Regina fire department at the age of 73, probably one of the oldest fire-fighters in the Dominion. A member of the Montreal fire department in his youth, Mr. Watson joined the Regina force in 1906 and in 1914 was made a captain, a position he held until his retirement.

ACKNOWLEDGES AWARD

John M. Imrie, Managing Director of the Edmonton Journal, who went to New York to accept the Special Public Service Pulitzer Prize awarded to the Edmonton Journal "for its leadership in the defense of the freedom of the press in the province of Alberta." This is the first Pulitzer award ever made outside the realm of the United States press.

By the Gleaner

Mr. and Mrs. D. E. Guy of Morinville arrived on Tuesday for a short visit with their son, Paul, popular announcer of CFOP.

Upwards of a dozen friends surprised Cliff Black at his home on Tuesday night, the occasion being his birthday. Cards and games were enjoyed, followed by dainty refreshments. Cliff received many "surprise" gifts during the evening.

Miss Cameron of the Municipal Hospital nursing staff left on Monday's train for Edmonton on receiving news of her mother's illness.

The Junior C. W. L., after a brief meeting at St. Joseph's Academy last Friday evening, were treated to that excellent show, "Mammy's Little Wild Rose," presented by Sexsmith W.L.

Mrs. Schmidt of Goodfare spent a few days with her daughter, Mrs. A. J. Barre, returning to her home on Saturday.

Mr. and Mrs. Gillis of McLennan were visitors in Grande Prairie on Sunday.

Miss Joyce Tofer, who has been staying with Dr. and Mrs. D. O. Carroll, on completing her business course, returned to her home at Hermit Lake on Friday.

On Thursday Miss Violet Luker started work at McDonald's store, Clairmont.

Mr. and Mrs. Wm. Fitzpatrick of Kleskun Hill were visitors in Grande Prairie on Monday.

Mrs. Vina Walker from Ontario is visiting her sister, Mrs. Rex Harper.

The Mothers' Club to help their Cub sons will meet at the home of Mrs. W. S. Percy on Thursday evening.

To honor Rev. Father Fuller, St. Joseph's pupils repeated last week's program, with John Scully as chairman, on Sunday evening. After the program Father McGuire introduced Father Fuller, who briefly expressed his deep appreciation of the excellent work done by the Sisters and their pupils, and of his pleasure in being here again. Then Father McGuire introduced Mr. Gillis, school inspector of McLennan and districts around. Mr. Gillis, praising the work of the Sisters and school children here, explained the reasons for dramatics and handicrafts playing such an important part in the school curriculum nowadays. "God Save the King" ended another very enjoyable evening for a hall crammed full of guests.

MONTROSE PUBLIC SCHOOL REPORT FOR APRIL

The following pupils of the Montrose Public School have obtained A grading on their work for the past two months:

Grade 1. Elsie Bambal, Joan Bishop, Bobby Burgess, Georgina Cave, Billy Clarkson, Geraldine Fehr, Ruth Frederick, Don Hassard, Edmund Lyne, Joan Morrison, Werner Pankratz, Joyce Partlow, Jim Raymont, Jimmie Redmond, Donald Whitlock.

Grade 2. Archie Braun, Helen Bach, Leonard Toews, Lorraine Partlow, Josephine Wardill, Claudia Ladan, Marion Duncan, Norma Freebury, Joan Oliver, Nancy Tinsington, Gertrude Skarr, Hope Fredette, Josephine Lamb.

Grade 3. John Baxter, Rudy Cepela, Bob Clarkson, Robert Hogg, Elsie Kirby, Agnes Lawlor, Bobby Littleton, Sammy Lowe, Beth Riley, Joan Shaver, Dean Toews.

Grade 4. J. Frank Field, Anne Rample.

Grade 5. Muriel Sharpe, Jake Wiedeman.

Grade 6. Orma Silliphant, Irma Silliphant, Leonard Allik, Vera Guitard, Douglas Guitard, Marie Tate, Jimmy Carlisle, Jerry Duncan, Mar-

Jorie Mensinger, Billy Minchin, Thelma Riley.
Grade 8. Marjorie Dunlop, Mayva Cramer, Kathleen Guthrie, Marion Lowe.
Grade 7—First Quartile. Evelyn Cooke, Esther Law, Ruth Lott, Elsie Mills, Marian Mensinger, Frank Stojan.
Grade 8—First Quartile. Gladys Beestlestone, Marion Foss, Frances Oliver, Lena Rample, Marjorie Stenmen.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

This is the last article in a series of six appearing in The Tribune. The information given is absolutely authentic, has been carefully checked and should be of great interest to everyone.

WHAT TO EAT TO BE HEALTHY

Number Six

In addition to vitamins and minerals, the value of which we have already discussed in this series of articles on What to Eat to be healthy, we must now consider the three important food essentials known as proteins, fats and carbohydrates.

The following foods give you proteins: Meat, fish and poultry, milk, eggs, peas, beans and lentils, and flour.

The list above indicates that there are animal, vegetable and grain products. The most effective tissue builders are the animal proteins.

The following foods give you fats: Butter and cream, bacon and other fat meats, lard and vegetable oil, shortening and yolk of egg.

Fats are used chiefly to supply heat or energy. They are also essential for the normal metabolism or working of the body. If some of the fatty acids contained in fats are withheld, the health of the individual will be seriously impaired. The proper amount of fat will be furnished if one consumes two ounces of fat per day. Butter is one of the best forms of fat.

The following foods give you carbohydrates: Sugar, molasses, candy, jam, marmalade, etc., bread and pastry, macaroni and potatoes.

Our chief source of energy in food is carbohydrate, and if we did not have this chief source of energy in the form of flours and sugars, with their wonderful keeping qualities, our modern civilization, with its huge consumption of food, could not exist. However, one must be careful, that due to their use in tasty products such as cakes, pastries, jams, candies, etc., and their easy accessibility, one does not consume an excess of these and thus crowd out the other food elements.

And we now conclude this series of articles on What to Eat to be healthy by repeating what we said at the outset.

Every day of your life, except during illness, aim to have a pint of pasteurized milk which includes that in cooking, some meat, an egg, two cooked vegetables besides potatoes, and some raw fruit or vegetables. In addition, during the winter months, take a teaspoonful of cod liver oil daily, or some other source of Vitamin D.

Questions concerning health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday the subject of the Lesson-Sermon will be "Mortals and Immortals." One of the Scriptural quotations in the Lesson-Sermon is Luke 5:11. "And when they had brought their ships to land, they forsook all, and followed him." One of the correlative passages from the Scriptures, by Mary Baker Eddy, is: "Mortals obtain the harmony of health, only as they forsake discord, acknowledge the supremacy of divine Mind, and abandon their material beliefs" (p. 400).

CAPITOL

BARBARA STANWYCK
BLEACHES HAIR IN THE INTEREST OF REALISM

The fact that a woman changes from a brunette to a blonde is not unusual enough to excite any special comment in this day when hair colorings change like the fashion in clothes. Barbara Stanwyck, however, recently had her auburn hair bleached to a golden blonde, but the reason for the radical change was not a matter of vanity, but solely to give realism to the part which she plays in the title role of "Stella Dallas" showing at the Capitol on May 10, 11 and 12.

It was suggested that she wear a wig for this particular role, but she declined very definitely and her reasons indicate that it was not merely a whim.

"I couldn't do anything with my hands, like running them through my hair. Furthermore, a wig would be set and pretty, which isn't this girl. In her home her hair was neglected, and that just can't be done realistically except with one's own hair. So I just had to let mine be bleached, and after the picture's over I'll go through the tiresome process of turning natural again."

The tremendous hit which Miss Stanwyck has registered in the difficult role of "Stella Dallas" seems to justify her painstaking effort to inject into the part "Stella Dallas" is a United Artists release.

Girls "GO HOLLYWOOD" BURN THEIR CLOTHES

First official act of Rosemary and Priscilla Lane, upon their arrival in Hollywood to appear in "Varsity Show" at Warner Bros. studio, was to burn, with great ceremony, their New York clothes.

They had decided to go Hollywood in a great way.

Sisters of Lola Lane, screen actress, they are featured entertainers with Fred Waring and his Pennsylvanians will be with Dick Powell in "Varsity Show," which comes to the Capitol May 19, 20 and 21.

Card of Thanks

We wish to extend our heartfelt thanks to those who so kindly offered their sympathy and also to those who sent floral tributes during our recent sad bereavement and loss of a loving husband and father.

Mrs. Fink and Family.

BEAVER LODGE PUBLIC SCHOOL NEWS

EDITORIAL

We missed our last issue on account of practising for the Musical Festival. We hope to have a bigger and better program to make up for what we missed. Beaver Lodge will hold its annual sports on 24th of May. E. E. Loran was re-elected to the sports committee. W. V. Harcourt is a new member. This will be the 27th annual sports. They will have for the special feature "Wee Willie Winkie."

Our perverted proverb: Accidents will flatten.

Our ambiguous sentence: I picked up a nickel stooping under the fence. Our school-boy howler: The fog off the coast of Newfoundland are caused by the cold air from Canada meeting the hot air from the United States.

NEWS

The Sports Association annual meeting showed the following activities for the past year:

(1) Victory Hall taken over and improved for picture shows.

(2) Maintenance of an extensive windbreak.

(3) Financial aid to Hospital Fund.

(4) Absorption of aid to the Hockey Club.

(5) Proposed absorption of the Senior Baseball, Ladies' Basketball and Softball Teams.

(6) Disposal of old Victory Hall and provision made for a new and better theatre.

CURRENT EVENTS

We have a new pupil in Grade 8, William Archer, from Wembley.

Last Monday, Arbor Day, the pupils of the school cleaned the school-yard, the teachers burned the grass, and now it is coming green again.

Mr. Sims is going to build a new theatre where the old one is. The old one will be moved back on the next lot and will be used as a dance hall.

SEEN AND HEARD

Kathleen mourning because Everett is away for a couple of days. Cheer up, Kitty, he'll come back.

A bit of advice: Before you fool with a fool, be sure you have a fool to fool with.

JOKE

John: "Look at that Scotchman eating over there."
James: "Yes, I see him, but how do you know he's Scotch?"
John: "I saw him licking his glasses after eating grapefruit."

LIMERICK

I'll never go back to New York, Althea gives you to eat is fried pork. If you ask for more They're sure to get sore— No, I'll never go back to New York. Elay Drun (Age 12).

ALBRIGHT NEWS

ALBRIGHT, May 9.—With this dry weather keeping up all through spring work, the crops are just about all in. Everybody would like to see a little rain now.

A few from here took in the dance in Hythe Saturday night. We are wondering what kind of a new dance "the Circle" is. Paul seems to be the originator of it.

Uldene Sexton is working in the Halcourt district again this spring.

Catherine Fair is home again after spending the winter working in Grande Prairie.

Mr. Fair is driving a Ford V-8 these days. Says it is a lot different than the old Model T taxi he drove in the East twenty years ago.

Mrs. Ventres' daughter, Mrs. Walker, is in from Kenora visiting again.

The Lutheran service held in the Gimle school on Mother's Day was well attended. Mr. Alex Hommy sang a solo very nicely.

Henry Anderson left on Friday to resume his job on the survey gang.

Tom Armstrong seems to be farming big this spring. We notice a big "cat" at work in his field.

DID YOU KNOW THAT—
Kay went home early from the dance last Saturday night.
Roy is singing "Just Elsie and I and—"
Ralph can't make-up his mind?
Jack, Fred and Eva walked eight miles when they were only half a mile from their destination?
Raymond and Ida were out walking Sunday?
Ida Lee is working for Davis?
Alice Biscole is working in Hythe at the Home Cafe?
Ralph is going to start a girls' basketball team, that is if he can get girls interested. Come on, girls, do your stuff!
Murray Armstrong is a proud father now. A little girl arrived to head the family. Congratulations to the Armstrongs.

HUALLEN NEWS

HARRY CARTER PASSES AWAY

HUALLEN, May 11.—Harry Carter (57) passed away at his home here last Monday, May 2, after a brief illness. The deceased, who came to the north country a few years ago from southern Alberta, farmed the old Ferguson and Moline places. He had the reputation of being a good neighbor and his passing is regretted by many friends. The funeral was held last Wednesday and was conducted by the Rev. Newman J. Truax of Wembley United Church. Interment was made in the Beaver Lodge cemetery. J. B. Oliver of Grande Prairie had charge of the arrangements. Sympathy of the community is extended to the bereaved family.

Seeding is practically completed in this area and a good rain would be very welcome at this time.

ERNEST SCHNEIDER INJURED BY FALL

Ernest Schneider was hurt last week when he fell off a building. He sustained a cut on his head that required eight stitches. Dr. Millar of Wembley performed the operation.

We were glad to see that Mrs. Jaque was able to be out and attend church last Sunday. Her health now shows much improvement.

COMMUNITY SYMPATHIZES

Our sincere sympathy goes out to Mrs. Jim Walton, whose mother passed away recently at Ladysmith, B.C., also to Mrs. Gerhard Rautenstrauch, who received the sad news of the death of her father, which occurred in Germany.

C.G.I.T. HOLD MOTHER'S DAY TEA

Lower Beaver Lodge C.G.I.T. girls held a Mother's Day tea at the school last Saturday afternoon. A tea basket time was spent by the girls. Proceeds of this affair are earmarked for the girls' camp fund.

SUMMER SOCIAL SEASON TO BEGIN WITH DANCE

The summer social season begins Friday night, May 13, when the Vagabonds' Orchestra swings into action at the dance to be held in the hall. If you feel like "limbering up" after the strenuous work of seeding, etc., be sure and be there.

Walter Ulmer, Albert Deering, Karl Rooper and Dale Suhrbier motored to Hines Creek over the weekend. It is reported that there is some good homestead land in that vicinity that is proving to be an attraction to some local farmers.

G. Rautenstrauch has purchased a new tractor and threshing outfit. Jake Stegmaier has also become tractor-minded, having purchased a Case.

The W. C. Boyd family of Peace River motored south Sunday and spent the week-end in the Grande Prairie district, including a visit at the home of Mr. and Mrs. Holmes Boyd here.

SEEN AND HEARD

Our school—marm sporting a sparkler!
Mrs. Nordstrom winning a crisp new dollar bill.
Mervyn stopping off at Sher's on the way home from church.
Mrs. Hawkinson visiting some "neutrons" down in the Banana Belt.

Madison driving a "rumbunkious" team.
Schneider boys meeting all trains. Alphonse, does this concern you?

LAKE SASKATOON

SCOUTS' CARD PARTY WELL ATTENDED

LAKE SASKATOON, May 11.—The Scouts' card party held at the Curling Rink last Wednesday was a great success. Nine tables of five hundred being played. A good crowd came from Wembley, which helped considerably to swell the funds for the boys.

The prizes were won by the following: Mrs. Wallace Edgar, first; Mrs. Ernie Hopkins, second, for the ladies; Mr. Bunyan, first, and Mr. Bill Palmer, second, for the men.

Seeing that this card party was such a success the boys are putting on a series of three card parties, the second one to be held Friday, May 13, at 8 p.m., at the Curling Rink. Those not able to attend the last one will have an opportunity to do so this week. All are welcome.

The Scouts held their weekly meeting at St. Andrew's Church Friday, May 6, and it was well attended. Plans are going ahead to get equipment for this work.

C. C. HOLD MONTHLY MEETING

The Lake Saskatoon Community Club held their monthly meeting at the home of Mrs. John Smith Friday, May 6, and it was a very good attendance. Members being present.

A paper on Fertilizing the Farm Garden was read by Mrs. Albert Smith and the roll call was responded to by an exchange of seeds and plants.

Mrs. "Scotty" Smith, assisted by Mrs. Hugh Smith and Mrs. Angus MacDonald, served a delicious lunch.

Quite a crowd turned out for the Cockshutt tractor demonstration at Mr. Albert Smith's last Saturday.

Congratulations to the Wembley girls' softball team on their two successful games the first of the season. That is getting away to a good start, girls.

Mrs. A. Hazard Smith, who has just returned home from Vancouver, has accompanied her husband to Peace River on M.P.H.A. business.

The seeding is pretty well finished around these parts. Now all we want is some moisture.

A start of hauling rocks down to the hall site has been made. Keep up the good work, boys.

Mr. and Mrs. Hugh Boyd and family of Crystal Creek spent Mother's Day at the Alex. Monkman's home.

SCENIC HEIGHTS

MORE ABOUT ELIMINATION

SCENIC HEIGHTS, May 11.—The Track and Field Elimination Meet to be held here at Scenic Heights on Friday, May 20, will commence promptly at 10 a.m., so all those entering are requested to be on time. The program will consist of all the events to be held at the Grande Prairie Inspectate Field and Track Meet, in which the five schools participating have entries.

The following schools have given the assurance of taking part: Canuck, Meadowville, La Glace, Buffalo Lakes and Big Horn.

LATEST RE SPORTS DANCE

Nothing is being overlooked which might add to the enjoyment of the sports dance at Scenic Heights on Friday, May 20.

The floor is being specially processed for the occasion, so dancers can be assured of a first-class floor.

The "Vagabonds," who have been engaged to supply the dance music, will be on hand with their latest dance hits.

In addition, Scenic Heights have always maintained the reputation of serving excellent lunches.

Admission charges will be: Gents 50 cents, ladies free, with a moderate charge for lunch.

Proceeds are in aid of the Athletic Club, which is supplying the prizes for the sports and entry fees to the Grande Prairie central meet.

BEER RING BEGINS OPERATION

Commencing another season, the Beer Ring, which has faithfully served the people of Scenic Heights and vicinity for a good many years, will again swing into operation.

The first meet of the season will be ready for delivery on Friday.

Mr. E. Harvey will again be in charge of the slaughtering.

LOCAL BRIEFS

Mr. and Mrs. E. H. Keith and Mr. O. J. Anderson were visitors at the home of Mr. and Mrs. E. Harvey on Sunday afternoon.

Mr. A. Tetreau suffered a nervous spell recently but has recovered considerably. He plans to take a trip to the Coast for his health during the summer. Let us hope he will soon regain his health.

Mr. Tommy Sandoff left for Saskatchewan recently after receiving word of the critical illness of his mother. Tommy is a cousin of the Tetreau boys and is well known in this community.

Mr. A. Smith of Lake Saskatoon and Mr. Hugh Dool of Scenic Heights are home after a brief campaign on the north side of the Peace in the interests of the Monkman Pass Highway Association.

LOST

A hub cap for a 1936 Ford V-8, somewhere between Wembley and Scenic Heights. Finder kindly get in touch with J. F. Howlett.

Tell and Sell with a Tribune ad.

IN MEMORIAM

In holy memory of
ETHEL VIOLET MARCEL AUGER
Died May 17, 1938 at the age of 25
Grande Prairie, Alberta.

Almighty and most merciful God, who knowest the weakness of our nature, bow down Thine ear in pity unto Thy servants upon whom Thou hast sent the heavy burden of sorrow. Time and grace have helped to teach us to see Thy good and gracious purpose working in the great trial. Thou hast sent upon us. Still help us that we may not languish in fruitless and unavailing grief, nor sorrow as those who have no hope, but through our tears look meekly up to Thee, the God of all consolation, through Christ, our Lord, amen.

We have loved her in life. We will not forget her in death.
FATHER, HUSBAND AND CHILDREN.

Paragraphs of Personal Interest

Mr. and Mrs. A. F. Clark and little daughter, Shirley Rae, of Hythe, were visitors in Grande Prairie on Saturday.

J. E. Leadbetter has moved from his home on Main Street to Jack Alloway's residence until his new home is completed.

Miss Mary Eddy of Heart Valley, who was operated on at the Grande Prairie Municipal Hospital, had so far recovered as to be able to leave the hospital on Friday and, accompanied by her father, Alex Eddy, left on the passenger train for home.

Joe Dahl, Oscar Bakstad and Ole Torgerson of La Glace were visitors in Grande Prairie transacting business Friday. While here the boys inspected recent additions to The Tribune's plant. They stated that seeding would be finished in a week's time.

Louis Alexander of the Buffalo Lakes district, who was a visitor in Grande Prairie on Friday, in conversation with The Tribune reporter stated that all the wheat in his district had been planted and in a week's time seeding would be completed. So far as he was concerned his seeding was finished.

The following from Hualien were visitors to Grande Prairie on Friday: Mrs. Dave Cochran and daughter Jean, Miss Anne Childs and Mrs. N. E. Clow and children, Margaret and Billy. The trip was made to attend the picture show, "Lost Horizon," which Mrs. Clow said, after seeing the picture, "No one should miss."

H. L. Smith, of Edmonton, supervisor of agencies for Massey-Harris Co., left on Wednesday's train for home after covering the Peace River, both north and south.

Mrs. E. M. Mohr, of Slave Lake is visiting Mrs. W. Romkey of Hualien. The Clairmont Ladies' Aid will meet at the home of Mrs. E. V. Bergin on Thursday, May 26 at 3 p.m.

We are interested to note that Mrs. J. H. Hunter still contributes to English publications. Associated newspapers printed an article of hers recently and awarded it special merit. The article which appeared in the Overseas "Daily Mail" gave a very accurate description of Grande Prairie and the country west of it.

AFTER TAKING IN THE MUSICAL FESTIVAL DRIVE OUT TO THE BIG DANCE

to be held at PIPESTONE CREEK

Wed., May 18

Large Stock of Second-Hand Parts Carried

Mrs. Frank McDonald was a visitor in Dawson Creek last week, going up on Thursday and returning Monday.

Mrs. McKee and two sons, Sam and Tom, of Buffalo Lakes, were visitors in town on Monday.

A. J. Cantin, of Edmonton, Federal Government Inspector of Electricity, left on Monday's passenger for home after covering the area from Grande Prairie to Ft. St. John.

H. J. Harrison, of Dawson Creek, was a passenger on Monday's train enroute to Calgary.

Mrs. Douglas McFarlane and Mrs. W. Parker of Beaver Lodge were visitors to Grande Prairie on Monday, the guests of Mrs. David Carlisle.

Harry, George and Martha Ingledew, of Halcourt, were visitors to the Prairie on Monday.

Miss Jennie McKee spent the week-end at the home of her parents at Buffalo Lakes.

J. House, western manager of the Great West Life Assurance Co. arrived on Tuesday for a business trip.

Rev. James Fuller, C.S.S.R., supervisor of the Redemptionist Order in Canada and Newfoundland, spent the week-end as a guest at St. Joseph's rectory.

LATEST PLANE NEWS

Harold Clarke, son of Mr. and Mrs. Ernie Clarke of Peace River, formerly of Grande Prairie, has had another "first" added to his name. The first white child born in Grande Prairie (March, 1912). Harold now has the distinction of being also the first passenger of the United Air Transport to book passage in a plane from Vancouver to Peace River. Leaving Vancouver at 8 a.m. Thursday with a full load of passengers, the plane landed at the local airport at 3 p.m. after stopping at Prince George, Fort St. John and Dawson Creek to land and take on passengers.

Mr. Hodgins of Prince George was a passenger to Edmonton and Mr. Noble of Dawson Creek to Grande Prairie.

Thursday's north bound plane from Edmonton to Whitehorse with Pilot Field at the controls, carried P. A. Keith of the Edmonton Journal and Canadian Aviation publications who was on his way to Whitehorse, Yukon, and Philip Turchanski, for Dawson City, Y.T.

The Edmonton-Vancouver plane, north bound to Fort St. John arrived at 11 a.m. Sunday. Miss Jean Hamilton was a passenger, returning from the local city.

The south-bound Yukon plane was a day late, arriving on Monday, having hopped the long distance from Whitehorse to Ft. St. John, in a non-stop flight that took only six and a half hours, which is a record for Pilot Field and that run. T. R. Haworth and C. Kirk, Vancouver postal officials, who have been in Alaska to inaugurate the new mail route from Juneau, Nome, Fairbanks, Whitehorse and intermediate points, were passengers enroute to Edmonton.

P. A. Keith, returning from Whitehorse, and a representative of the Edmonton Journal and Dawson Creek who boarded the plane here, were also going to Edmonton.

STRUCK BY GRANDE PRAIRIE'S ADVANCE IN LAST FEW YEARS

Mr. and Mrs. W. Mair of Edmonton were business visitors in Grande Prairie on Wednesday.

Mr. Mair, who is a conductor on the N.A.R., was a brakeman on the road into Grande Prairie when the town was at the end of a level.

Mrs. Mair was the daughter of Mrs. V. Crowe, coming over the Edson Trail with her mother. Mrs. Crowe passed away in 1925.

While here the visitors were busy meeting old friends.

This is Mr. and Mrs. Mair's first visit to the Prairie for several years. Speaking of the development of Grande Prairie, Mr. Mair stated that since his last visit the town had doubled its population and shows striking development, and he was pleased to learn that financially Grande Prairie was in a very strong position.

OBITUARY

ROBERT WEIR

Funeral services were held in the Valhalla Lutheran Church on Friday, May 6, at 2 p.m., for Robert Weir, well-known oldtimer of the Valhalla district, who passed away suddenly on May 2 at the Miller private hospital in Hythe. Rev. T. J. Vikse conducted the services, which were largely attended. Interment took place in the Valhalla cemetery. The pallbearers were all old friends of the deceased: Elmer Flaten, Jesse Tottelund, Gust Olson, Martin Flaten, Wm. Kinvig, and Melvin Hagen. Born in Mount Forest, Ontario, December 23, 1866, the late Mr. Weir came into the Peace River country with his nephew, Lee Strang, well-known barber of Grande Prairie, in the spring of 1913. They did not remain there, however, but in 1915 they again came to this country and Mr. Weir homesteaded at Valhalla, where he farmed until shortly before his death. He will be greatly missed in the community.

Besides his nephew, Lee Strang of Grande Prairie, Mr. Weir leaves two sisters, Mrs. Margaret Strang and Miss Elizabeth Weir, and one brother, William Weir, all resident in the state of Michigan, to mourn his passing.

Upwards Of . . .

(Continued from Page One)

dramatics, and Mrs. E. M. Steele of Peace River, dancing.

The new season ticket for \$1.25 admits to all concerts, including the final one.

Reserve seats for the final concert will be sold for 75 cents.

ASSISTANT INSPECTOR OF AIRPORTS VISITS G. P.

W. S. Lawson, Assistant Inspector of Airports, Department of Civil Aviation, arrived by plane Tuesday on an inspection tour of the local airport. He had made the trip from Vanderhoof, Prince George and Fort St. John to Grande Prairie.

His recommendations were made and will be carried out as soon as possible.

W. M. S. MEETING

There will be a meeting of the executive of the W. M. S. Presbyterian at the new home of Mrs. J. Archer (president), Beaver Lodge, on Monday, May 16, at 2 p.m., to enable the members to meet Miss Mitchell, travelling secretary.

TO TAKE OVER WANHAM DIST. FOR PRESBYTERIAN CHURCH

Rev. A. F. MacSweeney of Toronto arrived in Grande Prairie on Tuesday to take over the Wanham district for the Presbyterian Church. He was met at the station by Rev. C. E. Fisher of Forbes Presbyterian Church.

BORN AT MUNICIPAL HOSPITAL

To Mr. and Mrs. M. R. Miller of La Glace, May 4, a son.

To Mr. and Mrs. Selmar Larson, Eaglesham, May 8, a daughter.

To Mr. and Mrs. John Demaree, Keskun Hill, May 8, a daughter.

To Mr. and Mrs. James Smith, Wembley, May 9, a daughter.

At The Theatres

CAPITOL THEATRE

THIS WEEK:

Thurs., Fri., Sat., May 12, 13, 14—"After the Thin Man," starring William Powell and Myrna Loy.

NEXT WEEK:

Mon., Tues., Wed., May 16, 17, 18—Stella Dallas, starring Barbara Stanwyck and John Boles.

Thurs., Fri., Sat., May 19, 20, 21—"Varsity Show," starring Dick Powell and Fred Waring and his Pennsylvanians.

SYLPHLIKE

Here is avelte Jane Hamilton, enjoying a morning workout. Miss Hamilton is never too busy to attend to the pleasant pastime of keeping lovely, although her services are always in demand. Recently she has appeared in three Columbia pictures—'Paid to Dance,' 'Who Killed Old Preston?' and has just completed a role in 'Extortion,' which will be released next month.

MANAGER GIRLS' SOFT BALL CLUB GIVEN A FAREWELL DANCE

Complimenting their coach, Reg. Foster, who has moved to Spirit River, the girls' softball team entertained at a happy farewell dance at the I.O.O.F. Hall on Tuesday night. A large number of friends were present to wish him good luck in his new field.

During the evening the softball team presented their retiring coach with a handsome leather shaving kit as a slight token of appreciation for his generous help during the past years. Thanking them, Mr. Foster introduced the new coach, Reg. McNair, who also received a hand. The girls served a delicious lunch. Music was supplied by the Black Hawks Orchestra.

DIMSDALE NEWS

DIMSDALE, May 11.—Miss Mitchell, secretary of the Women's Missionary Society of the United Church of Alberta, will deliver a lecture on the work of the society in the hall here on May 18 at 8 p.m. Following the lecture lunch will be then served.

Miss Florice Cooley received a pleasant surprise when her brother arrived by car from the outside on Sunday.

Born to Mr. and Mrs. R. Rempel on April 29, a son, Lawrence Edward.

Mrs. Jenkins has taken over the housekeeping operations for Mrs. Farr while the latter stays in Grande Prairie to be near her daughter, Dolly, who has just been operated on for appendicitis at the Grande Prairie Municipal Hospital. Dolly, we are pleased to report is doing well.

Fred Grabler of the Dimsdale district left on Friday's train for Edmonton, enroute to Goldfields, Saskatchewan where he will be located for some time. Mrs. F. Grabler is remaining here with her parents, Mr. and Mrs. Bert George of Dimsdale.

W. E. Livingstone, salesman for the Massey-Harris Co. was a passenger on Saturday's train enroute to the Block.

GRANDE PRAIRIE, ALBERTA

Mother's Day Was Featured Here By Special Music

"Mother" was not forgotten in local churches on Sunday. All featured special music and services in her honor. While the celebration of Mother's Day as we now know it is American and dates back to a plea started in 1904 by Frank E. Hering, "teacher, orator and humanitarian," of Notre Dame University, Indiana, for a nation-wide observance of one day for mothers, the early Christian Church venerated motherhood, as exemplified by the greatest Mother of all, on May Day. A special day, Lataere Sunday, was also set aside during Lent to honor mothers and bring them gifts. So today the churches still carry on the tradition.

A special Mother's Day service was held in St. Paul's United Church on Sunday morning. Meeting at the post office, the Wolf Cub pack paraded to the church. The C.G.I.T. were also present in a body. The church was crowded to capacity and chairs had to be placed in the aisles to accommodate the congregation. George Patterson sang "Little Mother of Mine." Rev. A. Willis Cann, who conducted the service, spoke on "Mother's Day Long Ago." At the close of his address the C.G.I.T. repeated their Purpose and the Cubs gave their Promise.

Forbes Presbyterian Church held a special Mother's service in the morning, when the Sunday school took part with poems and singing. In the evening Rev. C. E. Fisher gave a special Mother's Day address. Miss Christine Fisher sang "One Sweetly Solemn Thought." The Girls' Club, as is their annual custom, presented a lovely plant to one of the mothers, Mrs. T. Rooney. Peggy Hodges made the presentation.

Rev. A. McGuire of St. Joseph's Catholic Church spoke on the veneration of motherhood and the real origin of Mother's Day at both morning Masses. The 11 o'clock Mass, which was broadcast, was celebrated by Rev. James Fuller, Superior of the Redemptionist Order in Canada and Newfoundland. Special hymns were sung by the junior choir at the early Mass. The senior choir sang Leonard's Mass in E flat at High Mass.

McLaurin Baptist Church featured special Mother's Day service and music in the evening. Rev. J. Baxter conducted the service. Mr. E. V. Bergin of Clairmont spoke on Mothers Day at the evening service at Christ Church.

COMMUNITY LIFE OF BEES IS TOLD BY MRS. G. A. JAMES, G.P.

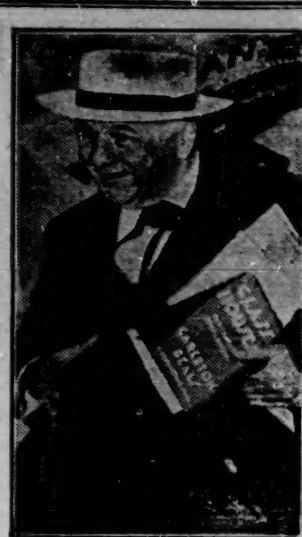

At a Meeting Of The Grande Prairie Womens Institute — Constituency Conference To Be Held At Bex-smith, August 17.

The Grande Prairie Constituency Conference of Womens Institutes will be held on Wednesday, August 17, at Bex-smith. It was announced at a meeting of the G.P.W.I. held at the home of Mrs. J. H. Charters on Thursday night. Mrs. Wm. Stewart of Peace River, provincial president, will be present. Plans are being made for a bigger and better handicraft exhibit this year. Mrs. J. Weicker is convener of this work. The wondrous community life of the honey bee was beautifully told in a splendid paper given by Mrs. G. A. James, who knows bees at first hand from caring for several hives for years. Her paper showed an appreciation and understanding of the busy honey gatherers from the building of the hives, the care and homage given to the queen bee, the strange workings and even the final evicting of the drones, that was nothing short of marvellous.

It was decided to donate two medals to the Musical Festival. Mrs. A. D. Wishart gave a most instructive talk on the Constitution of Womens Institutes, whose motto is "For Home and Country." Mrs. W. Caldwell and Mrs. T. M. Newton delighted those present with a piano duet, "Ruy Blas," from Mendelssohn's Overtures.

BUMPER FRUIT CROP PROMISED IN OKANAGAN

J. Davies of Grande Prairie arrived home from the Okanagan on Tuesday, where he spent the last seven months. In conversation with The Tribune reporter he stated that a bumper crop of fruit is promised in the Okanagan this year, apple and peach crops being particularly heavy.

TO TALK OIL

Josephus Daniels, U.S. Ambassador to Mexico, is pictured on his arrival at Washington airport. He will answer questions of the State Department concerning the recent expropriation of oil property by the Mexican government.
